

Dutch Folk Festivals For State In August

There'll be fun aplenty for all at two Pennsylvania Dutch folk festivals, expected to attract visitors from all over the Commonwealth and neighboring states as well, scheduled for August 21-23 and for the four-day Labor Day weekend.

The first of these celebrations will be the fourth annual Pennsylvania Dutch Days at Hershey Park, Thursday, Friday and Saturday, August 21-23 inclusive, to feature the crowning of the state's first Apple Butter Queen, colorful exhibits of typical Pennsylvania Dutch culture, religious services, and a series of free entertainment features.

Speakers at Hershey will include Berks County State Senator, the Rev. Frank Ruth; Miles Horst, State Secretary of Agriculture, and Dr. Clyde Stins, of Millersville State Teachers College.

Selinsgrove, on the Susquehanna river has been selected by the folklore center of Franklin & Marshall College as the site for its four-day Pennsylvania Dutch Folk Fair over the Labor Day weekend—the first such fair to be held in that area.

This fair, which will be staged at Selinsgrove's spacious fair grounds and will be marked by examples of the many contributions of the Pennsylvania Dutch to life in America, is the outgrowth of the folk festival held early this month in Kutztown.

Trucksville Mill Poultry Shop Robbed Of \$16.55

The Trucksville Mill Poultry Shop, owned by Stanley Moore, was robbed of \$16.55 in change last Wednesday, sometime between 6:45 in the evening when the shop was closed and 9 o'clock in the morning when the shop was reopened.

The thieves apparently came in through a window and took the money from the open drawer of the cash register. Constable Louis Banta of Kingston Township is in charge of the case. The thieves did not enter the Trucksville Mill adjoining the shop, nor did they take the \$27 dollars of the Ben Johnson Fund that was in the shop.

This was the fourth time in 15 years that Mr. Moore's shop has been broken into, and the first time that Mr. Moore had insurance. The other times the thieves smashed the cash register, worth much more than the money actually stolen.

Tenure Increase Urged

An increase from two to three years in the probationary period of teachers under the tenure law was urged this week by a committee of the State School Directors Association.

"This would bring the tenure probation in line with that required to secure a permanent teaching certificate," said P. O. VanNess, executive secretary of the association.

At the present time, teachers qualify under the tenure act a year before they receive their permanent teaching status, he said.

14, at 7:30 on the church lawn. Ice cream, cake, and coffee will be served. The public is invited.

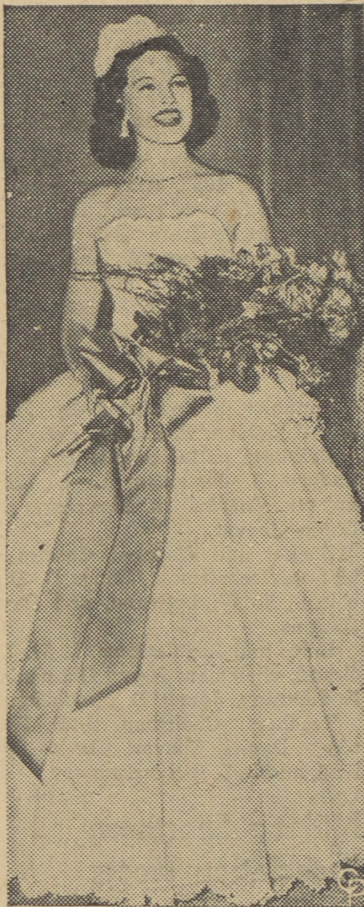

Takes Special Course At Armored School

Capt. Howard G. Young, husband of Mrs. Jeanette Young, 8 Maple Street, Shavertown, recently completed a two-week "special" course in Armor at the Armored School, Fort Knox, Ky.

Young, a construction carpenter in civilian life, spends two weeks yearly "on active duty" and if necessary could be called without notice to serve for an extended period.

The special course in which Capt. Young and fifty-two other officers of Pennsylvania's 2136 ORC Control Group were enrolled, consisted mainly of orientation in the newer Army tanks and armor weapons and classes concerning the technique of instruction. In case of rapid expansion of the school due to emergency, these officers would be used to augment the normal teaching staff of The Armored School.

Mr. McCarty reports that his color is much improved and that he relishes his food, something which he has not done for a long time.
