**HINTS for the Handyman**  
No. 4 Oiling Small Motors  
Electric motors in mixers and other home appliances should be oiled at regular intervals with just one drop of oil in each oil hole. Don't squirt the oil from the can; instead, use a medicine dropper. Using just the right amount of oil is so important that electric razors are usually oiled with a hypodermic syringe. Too much is as bad as too little.

**SAVE**  
On Your New Home!

"We saved over \$100 on our new home by using **INSULITE®** Bildrite Sheathing"

You can save money on your new home by insisting on **INSULITE BILDRITE SHEATHING** for the outside walls. **BILDRITE®** is an insulating sheathing that comes in large sheets. It cuts time and labor costs because it applies so quickly and easily. And it's rugged . . . 4-foot **BILDRITE** has more than twice the bracing strength of horizontal wood sheathing. You save on fuel bills, too . . . **INSULITE®** provides insulation against heat loss during winter months.

See us today for samples and complete information. We'll be happy to help you with your building or remodeling plans.
