Holiday Mail Handled Smoothly At Postoffice

Dallas Post-office, according to Joseph Polacky, postmaster, is handling the annual holiday rush of mail in its new quarters without trouble, keeping up to date on incoming and outgoing deliveries. Added floor space has relieved congestion noted in former years.

Last year rural carriers set up racks of boxes in cramped quarters back of Dixon's store, reached by a flight of outside steps, across the alley from the main post-office. This entailed much carrying of mail back and forth, with consequent delay and confusion.

New quarters have resulted in a morale boost for employees and patrons alike, in addition to speed and facility in handling the huge bulk of Christmas mail.

Receipts are well ahead of last year's, \$200 greater on Tuesday than on December 16, 1951.

Holiday employees include: Mrs. Margaret Moen, Gerald Murray, William Wallo, Frank McGarry, Jr. and Robert Grose.

Saved Brother

JERRY SABOL, 11, of Pittsburgh, Pa., operates his new electric train, a reward from his parent for saving the life of his 16-year-old brother, who was found slumped over his car in the garage with the motor running. Neighbors revived the boy, overcome by fumes while tinkering with the automobile. (International)

Vernon Program

Vernon Community Church program will be presented Tuesday at 8 P.M. Mrs. Alva Eggleston is directing a play, recitations and songs. Santa Claus will be present to distribute gifts. Rev. E. A. Benson is pastor.

entering Jefferson.

Dr. Bucan has a quiet manner, designed to set children at ease, and X-Ray eyes, a "must" for a general practitioner as well as for a surgeon.

Back Mountain may feel itself fortunate that another doctor is moving into the territory, to relieve the burden of the overworked medical men already in practice here. With the death of Dr. Sherman Schooley, the situation became acute, practicing physicians taking up the slack to the best of their ability. But with each day containing only twenty-four hours, and the season of winter colds and ailments approaching, the advent of Dr. Bucan in Shavertown is exactly what the doctor ordered.

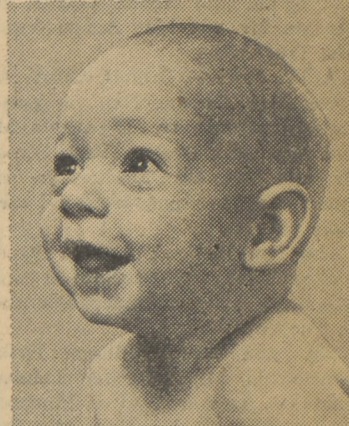

Dr. Bucan wonders, he says, why more graduates of medical school do not recognize the opportunities afforded by a suburban community, instead of insisting upon a city practice, with higher rents and more competition. This is the loveliest country, he thinks, and with a steadily expanding community, it is a marvelous location for a young doctor.

It is a pleasant arrangement, for Mrs. Bucan's parents live in Shavertown, and the young couple, with

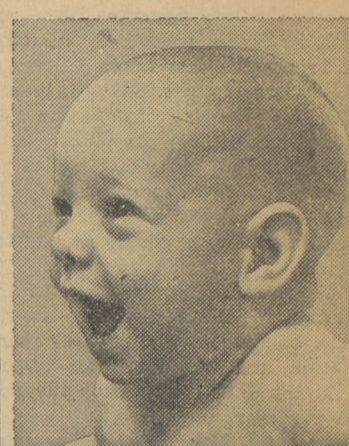

their five-weeks old daughter Susan Louise, are staying with Mr. and Mrs. Willard N. Durbin until such time as they can move into their new home.

This is not Dr. Bucan's first location as general practitioner. He was established in Hanover Green for two years, after graduating from Jefferson in 1947 and interning at General Hospital.
