from families which have delegated to them no adult responsibilities. They learn to balance their own budgets, paying their board bills from their incomes. Swimming, soft-ball, dancing, are recreations. Each year there is a trip to Boston, and visits to nearby towns.

Rigid dormitory rules are enforced, just as in an accredited girls' school. Girls are housed four to a room in beautiful buildings. They are responsible for their own laundry. Girls work inside in the long cool sheds, boys do the picking of leaves. For work, girls wear blue jeans and shirts, dressing when they go to town.

by BILL GUYETTE

Pity poor Duncan Renaldo, who is known to the small fry all over the country by the monicker of "The Cisco Kid."

He's in a Hollywood hospital with a broken neck. It seems that Cisco and his sidekick Pancho were filming one of their popular TV films, and a gang of villains were supposed to roll a rock down on the hero while he rode the trail below.

They were supposed to miss him, and the rock was really a synthetic thing made of plaster. But things went all wrong. The "rock," still weighing some 65 pounds, didn't miss him, and it was lucky the Cisco Kid lived to ride again. As it is, he'll be in the hospital for weeks, but eventually he'll be back on the range... with a sharp eye out for tumbling rocks!

Arthur Godfrey is returning to the air and see-waves earlier than expected, although he won't be on his most strenuous show, the Wednesday night TV "Arthur Godfrey and His Friends" show regularly until September. The Redhead has had a chance to study his own shows carefully from the TV set in his Boston hospital room, and it's said that he plans a number of improvements. You won't be able to improve on RCA VICTOR TV picture quality... especially if you have a new RCA Victor installed by our trained TV technicians for top reception in your home.
