SAFETY VALVE

Dear Mr. Risley:

In my last week Personal notice, the name of my home town, in France was misspelled, instead of Leyou, it should have read Lyon or Lyons.

It is a beautiful city built at the confluence of the Rhone and Saone rivers—Lyon dates back from the Romans who named it Lugdunum. It is an industrial city, first silk center of the world.

Sincerely,
Reine Thevenon,
Center Hill Road,
Dallas.

TV NEWS
by BILL GUYETTE

Latest word on the color-televesting front comes from Leslie Hoffman, president of the Hoffman Radio Corporation. He says that mass production of color sets is still two years away because of complications in manufacturing the color tubes. At present, he reports, there is an 85% rejection in the color tubes produced, for failure to meet the high standards demanded by the industry.

However, the first color sets will be on the market in about 6 months, assuming the FCC gives its approval. They will be 14-inch screens, and will retail at from \$750 to \$1000... which means color TV will be a luxury item for some time to come, especially when a 21-inch black-and-white set costs so much less than the small screen color TV.

For the few who will own color sets, there will be color programs of the big shows during this fall and winter... but you will receive them in clear black and white on the regular sets. The FCC has made that "compatibility" mandatory. After all, most of us will be watching black-and-white sets for quite a while... for the same reason that most of us don't drive Cadillacs! And a lot of us won't want to lose the advantages of big-screen TV. Since your set is going to be around for some time, it's to your advantage to keep it in the peak of condition. Sixty-One Handicapped Persons Go Off Relief And Into Industry

Tax funds previously earmarked for public assistance in the local area will be put to different use in the future since the State Bureau of Rehabilitation prepared and placed into gainful employment 610 disabled persons during the past year, all of whom had been on relief rolls.

Of the 610 persons, 61 were from the Bureau's Wilkes-Barre District according to Tom E. Williams, Manager of the local office. The number was broken down into the following counties which comprise the Wilkes-Barre District of the Bureau of Rehabilitation:

Bradford, 3; Columbia, 1; Lackawanna, 19; Luzerne, 28; Monroe, 4; Susquehanna, 3; Wyoming, 3; Pike-Sullivan, Wayne-Monroe, 0.

"No doubt considerable additional funds could have been saved in relief costs over a longer period of time because persons just rehabilitated and removed from the assistance rolls average 41 years of age," Williams said. "This indicates, and figures show, that many of these persons were on assistance rolls for many years before they received vocational rehabilitation and were made available and eligible for gainful employment. Furthermore, the average age of the group was 28 years when the permanent disablement occurred."

These 610 persons had a total of 1,465 dependents which in turn helped to keep the relief cost high. Two hundred eighteen had no dependents, 77 had one, 50 had two, 53 had three, 67 had four, 44 had five, 29 had six, 31 had seven, and 41 had eight or more.

While on relief these 610 persons received an average weekly grant of \$17.61. After their rehabilitation and placement in gainful employment, the group had an average income of \$42.50 a week with 30 of the persons earning between \$70 and \$97.

"Annual public assistance grants of \$558,480, provided by the Commonwealth taxpayers, were received by these persons and their families," Williams said. "Through vocational rehabilitation this burden has been ended and the rehabilitated men and women now are earning \$1,325,740 annually. They now are taxpayers instead of tax consumers."

These accomplishments are particularly significant, Williams added, as we look forward to the annual observance of National Employment the Physically Handicapped Week from October 4-10. While continual efforts are made throughout the year to place handicapped persons in gainful employment, this special occasion always is an extra incentive for all employers and the general public as well to do their bit in hiring the physically handicapped to establish employment records comparable to so-called normal individuals. They stay on the job longer, their attendance is better and their production and efficiency is high.

The Bureau of Rehabilitation, as in former years, is cooperating with other agencies and organizations in promoting NEPH Week throughout the Commonwealth. Public assistance rolls can be reduced even further if more employers would hire the disabled.

Douglas Trumbower Has Surprise Party

The day was saved for ten-year old Douglas Trumbower's birthday guests when Mrs. Haddie his next door neighbor, of Sweet Valley, offered the use of her fireplace for disconsolate guests, driven indoors by Monday night's light rain. The little boys, who had been resigned to roasting hot dogs and toasting marshmallows over an electric stove were delighted at a chance to crouch over a real fire, and the surprise wienie roast was a huge success.

Present were Bobby Masters, Dale Masters, Dean Bronson, Dean Long, Edgar Turner, Johnnie Haddie, the extemporaneous hostess, and Dolores and Ord Trumbower.

Pheasant Killed

A hen pheasant flew into the window of Odis Moore's garage-workshop in the rear of his home at Shavertown last Saturday and was killed. It was at first thought that youngsters had thrown a stone through the window, but investigation revealed the dead pheasant on the floor.

William S. Lee Laid To Rest

Pioneer Car Dealer Dies At Nesbitt

William S. Lee, Trucksvills, was laid to rest Tuesday afternoon in Hollenback Cemetery. Services were conducted from a Forty-Four Federal home by Rev. Arthur Mayo. Mr. Lee, 72, had been a patient at Nesbitt Hospital for a week before his death, last Saturday morning.

Mr. Lee, a native of Plymouth, was a resident of Wilkes-Barre until the last ten years, when he moved to Trucksville to make his home with his daughter, Mrs. Stanley Farr. He was a pioneer in the automobile business, operating the Franklin agency on North Pennsylvania Avenue as early as 1906, when the air-cooled car was one of the leading makes among the few fine cars of that era.

He attended services at the White Church on the Hill. He was a member of the Automobile Dealers Association.

Mr. Lee is survived by a son, William Jr., Midland Drive, Dallas; a daughter Mrs. Farr, Trucksville; and a sister, Mrs. Margaret Palmer, Elizabeth, N. J.

Firemen Meet Monday

Plans for Fire Prevention Week and important matters relative to moving fire fighting equipment to new quarters in the Oliver Building, recently purchased by the Borough, will be discussed at the meeting of Dr. Henry M. Laing Fire Company Monday night at the Library Annex.

Noxen

W. S. C. S. of Methodist Church did very well with the supper held in the Community Hall. They also held a rummage sale this week in the Lare Building, Luzerne.

Rev. Donald Nulton preached in Rev. Ruth Underwood's place last Sunday.

Ladies Auxiliary of the Fire Company held a covered dish dinner at the home of Mrs. Oscar Fish last Monday night. Mrs. Fish's daughter, Mrs. Transue, has returned from the hospital and is being cared for by her mother.

A public sale will be held by the Federal Government at the Hershborg Building on Monday.

Kunkle Women To Serve At Bloomburg Fair

Members of Kunkle Methodist Church will serve platters, sandwiches, home made soup and pies, coffee and snacks at the Bloomburg Fair again this year for the week starting September 28. Mr. E. R. Kerlin and Fred Dodson are in charge. Any one willing to work or donate food should contact Mrs. Ray Henney.

Fire Prevention Week October 4-10

William Wright, district agent of New York Fire Insurance Company, will be in charge of speakers for Fire Prevention Week, October 4 to 10, in Dallas Borough and Township Schools.

Dr. Henry M. Laing Fire Company as in previous years will also run tests and fire drills in both schools. Henry Peterson is general chairman.

Value Shop Fridays

Dallas Woman's Club Value Shop received garments for sale on Friday, and did a large volume of business in spring merchandise, drastically reduced. The committee wishes to make plain that nothing can be taken out on memo.

Some very nice boy's clothing, winter outdoor wear, has been received, and some American Golfer dresses in small sizes. Hours are Fridays, 10 a.m. to 9 p.m.
