There will be a social hour with sixth grade mothers in charge of refreshments.

It used to be six weeks and death . . .

"Prescriptions do not cost as much as you think, Mr. Customer. If you had been sick twenty years ago, you would have been in bed six weeks and perhaps have died. You would have lost several weeks work and wages, and still would have had all the expenses. Today, with modern medicines you will be up in two days and back to work in five days."
