Welcome News For Bursitis Sufferers
NEW HEAT and MASSAGE PAD SOOTHES PAIN OF BURSTITIS!

Two of mankind's most famous healers—heat and massage—are now blended in an amazing new device for the relief of pain of arthritis, bursitis, fibrositis, strains, and sprains.

This soft, comfortable pad is called the Thermo-Cyclo-Pad. It was developed by the country's leading manufacturer of hospital-type massage equipment. The unit contains a cyclo-massage motor and a special heating element. The motor develops a pleasant, soothing, non-electrical massage action while the heating unit develops a penetrating type of deep heat.

Research indicates that this unique combination of heat and massage drives deep through tissue and bone to relieve aching muscles and joints, stimulate peripheral and local circulation, decrease many types of pain, relieve nervous tension, and encourage deep, restful slumber.

A FREE BOOKLET tells all about this blessed, new pain-reliever. Write for your copy today.
