Two New YMCA Clubs Formed

Both Boys And Girls Elect New Officers

The new clubs have been added to the growing list of Back Mountain Branch YMCA clubs in the last few weeks. The Dal-King Junior Tri Hi-Y Club, made up of girls in the 8th and 9th grades have completed their constitution and elected officers as follows: President, Bonnie Jenkins; vice-president, Ann Marie Faulstich; secretary, Joyce Hirleman; treasurer, Barbara Raph; chaplain, Mary Jane Higgins, and sergeant of arms, Donna LaBarr.

This Club of 26 girls plans to meet every Monday evening at the Shavertown 'Y' building, from 7 to 8 followed by a social period from 8 to 9. Girls living in the Dallas Borough, Kingston Township area in the 8th and 9th grades of any of the schools are invited to look into membership in this club.

The boys in these same grades are not to be out done by girls and they in turn have organized Dal-King Junior Hi-Y Club which meets in the same building during the same hours but in separate rooms with a separate counselor. The two groups join in a social time from 8 to 9 p.m.

club elected officers at the last meeting. They are: President, Bob Shotwell; vice-president, James Chase; secretary, Brent Yeisley; treasurer, Donn Goodwin; chaplain,

Robbin Lohmann, and Sergeant at arms, Wayne Long. Any and all boys in these grades in any school in Kingston Township or Dallas Borough are invited to look into a membership in the club.

Both of these new clubs were addressed by R. E. Neal, chairman of the Back Mountain Branch YMCA Board of Management.

Retired Men To Hear New South Wales Man

W. V. "Mac" Smith, from Broken Hill, New South Wales, Australia, will address the members of the RARM (Regional Association of Retired Men) at Central YMCA in Wilkes-Barre on Thursday, October 27 at 2.

Mr. Smith is to be a guest of the Wilkes-Barre YMCA's for a two-week period, studying social, educational and cultural work among the mining families of our community. Mr. Smith works in a mining area in Australia. Men of retirement age are invited to this meeting.

Dallas Couples Club

New Couples Club officers will be installed at Sunday night's covered dish supper in the social rooms of Dallas Methodist Church. Harry Lefko is president; Bud Nelson, vice president; Stella Pulford, secretary; Evelyn Hopkins, treasurer.

10 Toll Bridges To Be Free Soon

Highway Secretary Says Possible In '57

Secretary of Highways Joseph J. Lawler reported that since the Commonwealth took over operation of 10 toll bridges in 1949, tolls amounting to \$6,411,086.44 have been collected.

In addition the State has collected \$135,626.34 interest on investments and deposits. The net cost of the bridges was \$7,808,413.20 with the Commonwealth assuming outstanding bonds and miscellaneous cost of \$429,722.26 or a total net cost of \$8,238,135.46. The net cost in excess of tolls and interest as of August 31, 1955 was \$1,691,422.68.

In a forecast of the approximate date the bridges will be free, Department statisticians figure at the present rate of traffic using the bridges, it can be expected early in 1957.

It is pointed out, however, that this forecast is based entirely and completely on the present trend in traffic, the condition of all of the bridges in their present form and the possible development of a system of free bridges in the immediate vicinity of existing toll structures, affecting toll collections.

The original legislation authorizing the States to take over the toll bridges specified that none of the bridges would be free until the State has collected the total cost of the structures.

High School Kids Protest High Speed On Local Highways

By NANCY WILKENS, JAN STAHL Westmoreland

The fact that the cars of today are built to go at top speed does not give you the license to drive them that way. In case of an emergency is the only time a car should be driven faster than the speed limit allows. Young and old alike seem to have the idea that an open highway means "Full Speed Ahead!" This is not only dangerous to yourself but to others as well.

It has been proven that an automobile traveling at sixty miles per hour has the same capacity for inflicting damage that the same automobile would have if it were driven off a ten story building, 120 feet

Plan Community Night

Plans were made for the Community Night program at the meeting of Dallas Rotary held at the Country Club Thursday night. Dr. Andrus of Bloomsburg State Teachers College will be guest speaker.

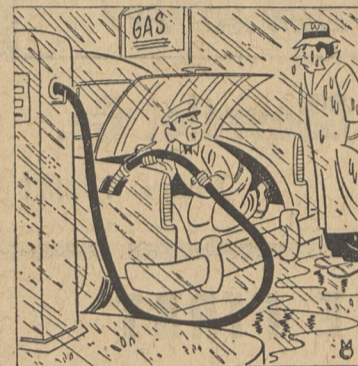

Speaker at Thursday's meeting was Rev. Robert Yost who talked on duties and responsibilities of the chaplain in the U. S. Navy.
