Shaver, stationed on Okinawa, writes for the Stars and Stripes, for the Ryukyuan Review at Fort Buckner, and for a commercial paper, the Okinawa Morning Star. Research on the leper colony, the title Airakuen translated to read "Garden of Comfort and Love," took some time, says Pvt. Shaver. The finished story was edited by his superior officer, Lt. Joe Skopic Home Again, Silver Still In Eye

Joseph Skopic, Bloomsburg, formerly of Lehman, returned to his home from Geisinger Memorial Hospital on Saturday, a piece of metal still buried in the eye which caught the force of the exploding rifle the preceding Sunday. Since his return, his wife has removed a small piece of metal which worked to the surface of the eyelid. Mr. Skopic says there is no pain. A magnet, ordinarily used in removing metal, was of no value, as the imbedded silver was brass.

Joe has no idea how the accident happened. The first shot at the target in his own yard was without incident, on the second shot the rifle flew to pieces. Joe was getting ready for bear season, and the rifle was one he had used for years.

How to be sure you are making the best buy in a new truck

➤ A new truck is an important investment. If you want to be sure you're getting the best buy, you've got to consider a lot of things: price, power, operating economy, good appearance—to mention only a few.

➤ Take price, for instance. Wouldn't it help you to know that you can buy a Dodge for surprisingly little money? Could be you didn't know Dodge trucks cost less than most other makes.

➤ Wouldn't it help you, too, to get the whole picture on truck power? The fact that Dodge Power-Dome V-8's outpower every other leading truck in the low- and medium-tonnage fields surely is important to your decision.

➤ And there are other Dodge advantages you'll want to think about—like the business-building beauty

of Forward Look styling, and the long life that spreads low initial cost over years of dependable service.

➤ It all adds up to this: To be sure of your best truck buy, take a few minutes to talk to your Dodge dealer. Just a phone call will put the wheels in motion.
