Be it enacted and ordained by the Supervisors of the Township of Lake, Luzerne County, Pennsylvania, and it is hereby enacted and ordained by the authority of the same.

SECTION 1. No public dump for accumulation of garbage or rubbish shall be permitted, established or maintained on any land within the Township of Lake except the Public Dump now maintained and operated by the Township Supervisors and no person shall dispose of any garbage or refuse in the Township of Lake except by conveyance to said Township Dump where now located or to such a place as may be designated from time to time by the Board of Supervisors as the official Township Dump.

SECTION 2. Township herein shall refer to the Township of Lake, Luzerne County, Pennsylvania.

SECTION 3. The bringing into the Township from anywhere outside the Township any garbage or rubbish for the purpose of dumping, unloading, depositing, or disposing of said garbage or rubbish in the Township is prohibited.

SECTION 4. The dumping, unloading, depositing, or disposing anywhere in the Township of garbage or rubbish brought into the Township from anywhere outside the Township is prohibited.

### History Of Back Mountain Good Thanksgiving Story

(Continued from Page Seven) was fine, but inasmuch as new and larger quarters are to be provided, the exhibit this year should be doubled. The fruit men will also have a chance to make a much better exhibit this year than ever before, and there is no place in the United States where better fruit is grown. In fact, we have every resource necessary to make our Fair one of the best in the State and we are going to do it.

Many a flat dweller whose children's play ground was the street, whose wife's occupation was attending the "movies" and whose own chief pleasure was in reading the Sunday Paper, has had his own outlook and that of his family completely changed by life "Back of the Mountain."

Back of the Mountain is the ideal place for the daily commuter whose business interest lies in the City, but who loves country life.

"Back of the Mountain" is the ideal place for the rich man because he has the power to assist nature and make the landscape smile; while it is the ideal place for the poor man because with a minimum of labor on his part, nature assists him to support himself, which is after all, the noblest achievement that man can attain.

### Misericordia Team In Three Debates

In a debate with King's College, Thursday night, the affirmative team of Janice Cohan and Mercedes Finn won.

Saturday the debaters traveled to Muhlenberg College to take part in a tournament.
