Dallas Nips Rally

East Dallas, leading by as much as 22 points, had to stave off a last quarter rally by Prince of Peace for a 59-51 victory. Tex Wilson with 17 and a newcomer, Gerry Brunges, with 14 points led the winners. Buddy VanCampen and Don Purvin had a big fourth period to finish with 17 and 14 points, respectively. This was the first game

for the new entry and it seemed they just couldn't find the range until it was just about too late and then they really hit on their shots.

Winter Fishing Permitted In All State Waters

In a joint statement, issued recently by Maurice K. Goddard, secretary of the Department of Forests and Waters, and William Voigt, Jr., executive director of the Fish Commission, it was announced that winter fishing will be permitted in all waters controlled by the department.

In addition, fishing through the ice will also be permitted in all other inland waters stocked by the Commission, with one exception—Promised Land Lake, located south of Hawley on Route 390. It was determined that the fish population in that body of water required protection at this time.

Use of all Forests and Waters lakes must cease, by regulation, at the regular "closing" time of darkness each day. This limitation applies to all park facilities during the winter months.

Panfish may be taken during daylight hours the year around, in open water or through ice. This authorization applies to all inland waters of the Commonwealth stocked by the Fish Commission. The use of tip-ups is permitted for the taking of pickerel and yellow perch during December and January only. No more than five tip-ups may be employed at any given time.
