Beware of The Long Arm of The Law . . .

If you drive, or if your automobile is driven, in any state in the union and your auto is involved in an accident, you can be compelled to return to that state to defend a suit.

You can save yourself all this worry and expense by carrying adequate automobile liability insurance in a sound company. Without it you are gambling everytime you take your car across a state line. Why gamble? We can provide the protection that you need.
