William Prater To Teach Again Made Enviably Track Record In U.S. Army

William Prater, who taught at Dallas - Franklin - Monroe Township schools for three years before entering the army in 1954, will return to Township schools this fall. He will teach English, as in the past, replacing Joseph Evan of Plymouth, who substituted for him in his absence.

Mr. Evan has accepted a position in Plymouth. Mr. Prater, son of Mr. and Mrs. George Prater, Fernbrook, is a graduate of East Stroudsburg State Teachers College. He attended Dallas Township, transferred to Kingston Township High School, and graduated in 1946.

During his months in the service, he hung up an enviable record in track, taking part June 3 to 5 in the All Army Track Meet at Fort MacArthur in California, after participating in the final AAU meets in Hawaii as representative of the Twenty-Fifth Division.

Issue Statement On Kindergarten

Only Limited Number Can Be Enrolled

Parents interested in Kindergarten instruction please note, the administration of Dallas Area Schools has issued the following announcement.

Dallas, Franklin and Monroe Township Boards have expressed their willingness to assume the instructional cost of pupils from these townships attending the Kindergarten at Dallas Borough.

Boards, however, do not feel that they can assume responsibility for transportation to Kindergarten at this time. Parents interested in enrolling their children for Kindergarten are asked to contact the office in the Dallas-Franklin Building. Those parents who have already enrolled their children at Dallas Borough need make no further contacts.

The school administration is determining the total number of people who are interested in having their children attend Kindergarten. One reservation must be made in this arrangement. The number of pupils who can be accepted from Dallas, Franklin and Monroe Townships is limited.

Quotas will be determined for each Township. Children will be considered in order of registration, if these quotas are filled.

Children to be eligible for Kindergarten attendance must reach their fifth birthday before February 1, 1957. Their Birth Certificate and Vaccination Certificate must be presented at time of registration.

Penn State Center Seeks Names Of Its First Class

Forty years ago this Fall, Penn State started extension classes in Wilkes-Barre.

And today, the Pennsylvania State University Center, at 669 North Washington Street, is seeking the names and addresses of all members of that first evening school class, together with information about the first instructors.

George Bierly, administrator of the school, announces that a note or telephone call with any available information will be appreciated by the Center.

Help New Teacher Get Off to Good Start in Her Job

Now that some school systems have as high as 30 percent of their staff new to their jobs each year, the American Association of School Administrators, has published a little booklet of suggestions on how to get the new teacher off to a good start.

Though primarily intended for school administrators, the booklet also points out that parents and all citizens have a stake in the objective. Knowing that parents are interested in their work and stand ready to help, the booklet points out, is a source of encouraging satisfaction to the new teacher.

Many authorities in the field urge parents to become friendly with teachers, volunteer help in special activities, and to participate in civic functions aimed at improving the stature of, and respect for teachers.

YOU CAN SEND THEM TO SCHOOL ANYWHERE WITH A SCHOOL LOAN FROM THE MINERS NATIONAL BANK!
