Back Mountain Played Important Part In YMCAs' Annual Meeting

Members of Back Mountain community played important parts in the 93rd annual meeting of the YMCAs of Wilkes-Barre on Monday evening at the Central YMCA. Members and friends of the Central 'Y', South, North, Memorial and Back Mountain 'Y' Branches filled the main gymnasium, decorated in a festive mood.

Mrs. Joanna H. Herron, soloist at Shavertown Methodist Church, sang. Mrs. J. Traver Nobel, of Shavertown, was accompanist for the musical portions of the program.

L. W. LeGrand, Dallas, was chairman of the annual meeting committee and also acted as toastmaster. Barbara Cheney, Dallas Township president of the Dalphi Tri Hi-Y Club of Dallas-Franklin-Monroe High School, was one of the youth speakers and did a very creditable job in telling the 300 assembled people about "Our Tri Hi-Y Club."

J. B. Carr, Trucksville, assisted on the annual meeting planning committee. J. Traver Nobel and C. L. Albert were members of the nominating committee. J. H. Godtfriing, YMCA general secretary, Shavertown, delivered the annual report.

Three new members to the Central 'Y' Board were named: Robert Mebane of Kingston, Robert Toomb of Wilkes-Barre and Donald E. Davis, Dallas. Mr. LeGrand was re-elected to the Board of Directors for a three year term.

Quentin Gallagher, fraternal YMCA secretary of Cairo, Egypt, was the speaker and brought first hand information to the attentive audience on the middle east.

South Branch YMCA won the Golden Triangle with the largest attendance of Branch Directors present. This is the second year that South Branch has won this award.

Everyone considered the occasion a very happy one and it proved again that the smorgasbord, which was established a few years ago, still retains its popularity.

New Lactation Records

The Holstein-Friesian Association of America, Brattleboro, Vermont, has reported the completion of a new lactation average by the registered Holstein herd of Hillside Farms Inc. Pennsylvania State University supervised the weighing and testing of the herd's production

in Herd Improvement Registry — an official breed improvement program of the national Holstein organization.

The program in continuous operation since 1929, provides individual records — valuable tools in the practical selection vital to continued improvement — on every cow in participating Holstein herds.

HOW MANY LIES HAVE YOU TOLD?

Undoubtedly Washington was a truthful man. But according to the Bible all men are sinners even if they never lied.

"All have sinned, and come short of the glory of God." Romans 3:23. We were born that way! Let us tell you of Christ, who is truth personified, in our Church this Sunday.

Pa. Farm Wages At Record Peak Top U.S. Average

Costs of food production on Pennsylvania farms continue advancing to all-time record levels for many products, headed by the highest wage rates ever paid for hired workers, the State Department of Agriculture reported this week.

Federal-State surveys as of January 1 show new top levels for every phase of farm labor. In practically all instances the wage rates are higher than the national average, the survey showed.

Rate of pay on an hourly basis on first of the year averages 99 cents per hour without room or board. This is an advance of four cents

over the rate paid a year earlier and is four cents above the national average.

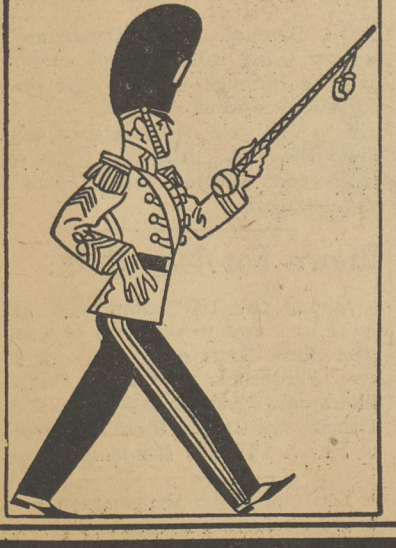

Day rates without room or board average \$7.70, an advance of 50 cents over rates paid January 1, 1956, and nearly \$2 above the national average.

Farm workers who are paid by the week without board or room average \$4350 or \$1.50 higher than a year ago. Those receiving room and board average \$32 per week, an advance of \$1.50. Both rates exceed the national average.

Pennsylvania farm workers paid on a monthly basis are averaging \$119 with board and room thrown in, \$7 per month more than at the same time last year. For those who are supplied with a house as living quarters the January 1 average is \$167 per month, \$9 higher than a year previous.
