

Mrs. Kuhnert Elected To Head District WSCS

Mrs. Raymond Kuhnert, Dallas Methodist Church, was elected president of Wilkes-Barre District WSCS at the 17th annual meeting held Tuesday in West Pittston Methodist Church.

Four other Back Mountain women will serve on the board: Mrs. James Godfring, Dallas, secretary of missionary education; Mrs. Henry Hess, Dallas RD, secretary of youth work; Mrs. William Reid, Center Moreland, secretary of spiritual life; and Miss Mary Emmanuel, Dallas, secretary of missionary personnel.

school boards I do know that many of them have children in our schools and certainly must be interested in better education.

I have known Mr. Hess for the past thirty years and also knew his parents and family and I just cannot believe that Mr. Hess is opposed to good education as these articles would have us believe. Mr. Hess himself has a son in the ninth grade at Dallas Township school and certainly would want to have his son get the better education which would come from reallocation. There must be some good reason why these directors have thus far opposed such a move.

I have read recently where Mr. Hess was elected as president of Central Y.M.C.A. Y's Men's Club which is a club designed to help young people. I have also been told that he is active in Sunday School work and is a licensed lay speaker in the Methodist Church.

This is certainly the type of man that we want to hold office and yet apparently the press is doing everything in its power to keep this type of man from running for office with its criticism and abuse.

It certainly seems odd that none of the directors of the three large school boards ever make a wrong move, or do they?

I have heard a story circulating in our township that Dallas Township recently lost a good teacher because of pressure brought by a Dallas Township director on behalf of one of his children. Yet I have not seen that story in the press.

Although a resident and taxpayer of Dallas Township I deplore the tactics used against Franklin and Monroe Townships and feel that such tactics will do nothing towards solving an already tangled situation.

If we can't have all the facts from all sides then let's not have any.

A Dallas Township Resident, Wiley Veitch.

We do not make the news, we print it. Anyone who makes as much news as Mr. Hess must expect to appear in the press. We have never been charged with misquoting him.

Since we are criticized at times by members of all school boards we are probably doing a pretty fair job of presenting a picture of their meetings. Unfortunately there is a controversy and a difference of opinion among the boards.

It might be revealing for you to attend some of the meetings, then tell us how to handle the news.—Editor.
