HALL'S PHARMACY Monthly News

A message from Edward W. Hall, 'Your Pharmacist'

PRESCRIPTION PHARMACISTS EVERYWHERE celebrate National Pharmacy Week from October 6th to 12th. Once each year we rededicate ourselves to our profession of pharmacy.

MILLIONS OF DOLLARS are spent annually on research to perfect new drugs. Devoted scientists and physicians clinically test them to make certain they safely accomplish the desired result.

FINALLY IT IS UP TO US PHARMACISTS. The medicine is prescribed by your Physician and you entrust us with the compounding of your prescription. Because of our years of study in a College of Pharmacy it is our duty to check if the prescribed dosage is safe to take and compound every prescription exactly as your physician specifies.

AS YOUR PHARMACIST, we value this confidence in our knowledge and integrity. Like your Physician we consider your health our chief consideration.

THIS NATIONAL PHARMACY WEEK we again renew our pledge to practice our Profession of Pharmacy in strict accord with our traditional Code of Ethics.
