### Lehman

After almost two months' vacation, I guess I'd better get going again. Yes, Lehman is still heresnowed in-but nevertheless still on the map. From Madrid he flew to Palma on the island of Malarka. In a cablegram received recently, he told his mother, Mrs. Alice Elston, that they were enjoying typical June weather. There are many tourists at Palma, most of them from England. Tom, who knew no Spanish when he left here is able to communicate with the crews in the plant. He expects to emain in Palma several more
