Bowling News

By DORIS MALLIN

The big tournament is over and we are patiently awaiting results. Most of us were downcast when we left Bonomo's Exeter Recreation Center after bowling our games. We found the lanes quite different from Bob Hanson's. By the third game, we were used to them and really ready to "go to town" and the tournament was over. We all enjoyed it, however, and became acquainted with lots of nice people. Watch this column for final results of the Back Mountain teams.

Weekly high games at Crown Imperial Lanes last week were rolled by Jane Bicking, who hit 194 with the Lake Women, and Bob Moore, who scored a 253 in the Back Mountain Neighborhood League.

Congratulations Cubs!
The Idetown Bears finished the season last Tuesday night with the Cubs on top with 76 points. The Champion team took 4 points from the Pandas at the same time the Teddys were taking 4 from the Polars. The Teddys ended up just 1 point behind the Cubs. The Cubs had high game of 742 and 2088 total pins.

John Kriel hit 205 and Casey had a 520 series, high for the evening. Naomi Davis was high for the girls with a 400 series and 167 game.

There were plenty of horns blowing at the Crown Imperial Lanes Tuesday night when the Used Car League got underway. The newly formed mixed league is "summer only" made up mostly of members of the former Denmon League. The "gang" that bowled last summer is back and everyone seemed glad to get together again.

Spectators were treated to a good show when the last game got underway between the Cadillacs and DeSotas. Dale Zimmerman, Cadillac captain, bowled an exciting game full of strikes. Dale missed in the third frame and then continued to strike until the last frame when he missed again and ended with 252. While Dale was letting off steam for his team, Al Ciccarelle, DeSota captain, was giving him stiff competition, lining up strikes of his own. Al scored 206 in that last game and two teammates came through to help him. Libby Cyphers with 150 and Bob Cyphers with 189.

The DeSotas had 2152 total pins and high single game of 774. Dale's 252 and 590 series were high for the league. Evelyn Roberts had a 493 series and single game of 199 for the women.

Teams that bowled in the 700's were Cadillacs, 2; DeSotas, 2; Plymouths, 1; Chrystlers, 1; Mercurys, 2; Oldsmobiles, 1; Fords, 1.

Several men bowled series in the 500's. D. Zimmerman hit 590; A. Ciccarelle, 586; S. DeBarry, 572; C. Roberts, 526; T. Wilson, 519; D. Weale, 512; B. Owen, 504.

High games were bowled by Melvin Morris, 192-161; Al Ciccarelle, 169-211-206; Bob Cyphers, 189; Al Bellas, 168-168; Steve DeBarry, 191-

Ladies Aid Will Serve Friendship Supper
Ladies Aid of Loyalville Methodist Church met in the church social rooms to complete plans for the Friendship Supper, scheduled for Wednesday, June 25. An ice cream festival was considered for some time in July.

A baby shower for Mrs. Diana Wagner was held after the business meeting. Present were Mesdames Mildred Darnell, Diana Wagner, Cora Dougal, Minnie Wesley, Pearl Ide, Josie Hummel, Misses Sharon Luck, Eleanor Cragle, Misses Sharon Dougal and Nancy Cragle.

All persons indebted to said estate are requested to make payment and those having claims are directed to present the same without delay to the Administratrix above named. Robert L. Fleming, Attorney-at-Law, 807 Miners Nat'l. Bank Bldg., Wilkes-Barre, Pa.

Natona Girls
Last Tuesday the Natonettes pulled away ahead of the Carderettes with a 7 point lead. The Natonettes took all the honors with 465 for a single game and 1346 total pins. Ruth Klimaszewski, Natonette, was high with 151 and 379 Martha Husted starred for the Carderettes with a 140.

This week, the Carderettes came crashing through and picked up 3 points from the leading Natonettes. Too late! For top yields of high-quality POTATOES and TOMATOES spray with DuPont MANZATE

MANEB FUNGICIDE

POTATOES—"Manzate" is the newest fungicide from Du Pont for the effective control of early and late blight of potatoes. In comparison tests held over the past three years by the Experiment Station of Pennsylvania State University, "Manzate" stood out as the most desirable of the eleven fungicides tested because it consistently resulted in higher yields—with no injury to plants. "Manzate" is a wettable powder that readily mixes with water for uniform sprays. It is compatible with commonly used insecticides and mild on plants. This year, on your potatoes, see the high degree of disease control you get with "Manzate" maneb fungicide.

TOMATOES—In ten years of research, field testing, and grower use in all the important tomato areas, Du Pont "Manzate" has consistently rated among the top chemicals used for the control of the major fungus diseases of tomatoes. "Manzate" is unique among fungicides in giving outstanding control of all major fungus diseases—both blights, anthracnose, gray leaf spot, and Septoria. And "Manzate" does the job straight through the season—no need for you to switch from one chemical to another. Your crop can show a greater return if you give it the protection of "Manzate"—proven in a decade of outstanding performance as the most nearly perfect tomato fungicide yet developed. Order Du Pont "Manzate" from your supplier today.

On all chemicals, always follow label instructions and warnings carefully.
