

Bowling News

Vacationing students and summer residents visit the Crown Imperial Leagues regularly and a few summer leagues are in action; but since only two leagues have been turning in scores or information, this column took a two-week vacation. Many bowlers interested in the high scores and summer leagues have inquired as to how they are coming along, so I have put together what little information I have.

Weekly high scores have been posted regularly. The ladies on record are Mimi Yuran, 218, June 21; Ebel Ide, 191, June 28; Rose Ribash, 233, July 5. Men are Charlie Williams, 259, June 21; Cliff Garris, 257, June 28; Don Kennamon, 245, July 5.

Lot when the eight team USED CAR League gets underway. The DeSotos are leading the line-up with 12 games won and only 3 lost. The Mercurys were high this week with 777-2217, but the Oldsmobiles still hold the record with 798-2298 achieved two weeks ago.

The Chryslers had a run of bad luck; last week three cars were missing from the race and the team had to forfeit to the DeSotos. The Cadillacs "ran out of gas" this week and lost all to the Mercurys. The Chryslers and Chevrolets need "motor tune-ups", both teams tied in last place. The Plymouths and Mercurys are "idling" in second place and the Fords and Oldsmobiles are tied in third.

The girls in this league bowl almost as well as the men. So far, those over 150 are Shook, 153, 162, 150; Weale, 151, 151; Roberts, 170, 168, 182, 172, 183, 199, 160, 159; Stair, 161, 175; Lewis, 167, 166, 158, 169, 157, 153; Cyphers, 159, 158; Allabaugh, 150, 154; Bellas, 177, 176, 171, 156, 151, 166, 162, 162; Demmon, 159; Sickler, 152; Morris, 150, 169; Mallin, 152.

Men rolling over 160 are Owen, 161, 173, 179, 196; Wilson, 206, 168, 162, 179, 171, 172; Roberts, 177, 201, 185, 212, 179; Stair, 167, 167, 160, 191; DeBarry, 181, 166, 174, 195; Ciccarelle, 197, 168, 183, 180; Bellas, 173, 196, 175; Morris, 175, 200, 168, 182, 171, 163, 176, 176; Zimmerman, 189, 175, 220, 195, 177, 160, 162, 166, 206; Cyphers, 170, 189; Matte, 161; Hughey, 171, 181, 173.

Highest averages are held by Dale Zimmerman, 187.5 and Al Ciccarelle, 178. Evelyn Roberts, 167.2 is highest woman.

The NATONA GIRLS are spending the summer months practicing for the fall and winter season. They have acquired one new member and would like more. Marion Tryon is bowling with them this summer. So far, Martha Husted with 151 and Grace Fielding with 140, hold high scores.

Trout Season Extended To Oct. 31 On 30 Ponds And Lakes In State

The Pennsylvania Fish Commission today announced the extension of the 1958 trout season to midnight, October 31, on thirty ponds and lakes in the Commonwealth. On all other inland public fishing waters, the current open season for trout ends midnight, September 1.

The lakes are spread through 22 counties and total a water area of approximately 8,462 surface acres. Last year a similar season extension was declared on 29 lakes. According to William Voigt, Jr., executive director of the Commission, it is expected that the number of lakes on the extended trout season list will increase each year as additional water reservoirs become available for public fishing and as the lake reclamation program of the Commission advances.

The water areas involved in the extended season this year are: North Park Lake in Allegheny County; Chambersburg and Waynesboro Water Companies Reservoirs in Adams County; Koon Lake in Bedford County; Scotts Run Lake in Berks County; Mountain Lake in Bradford County; Glade Run Lake in Butler County; Parker Dam in Clearfield County; Laurel Lake in Cumberland County; Lake Pleasant and Lake Erie in Erie County; Letterkenny Reservoir in Franklin County; Cowan's Gap Dam in Fulton County; Whipple Dam in Huntingdon County; Chapman Lake and Crystal Lake in Lackawanna County; Harveys Lake and Silkworth Lake in Luzerne County; Highland Lake and Little Pine Dam in Lycoming County; Upper Perkiomen Valley Park Lake in Montgomery County; Wallenpaupack Lake in Pike County; Lyman Run Dam in Potter County; Chapman Dam in Warren County; Lake Lorain and Upper Woods Pond in Wayne County; Keystone Coal and Coke Company Reservoir in Westmoreland County and Carey Lake, Winola Lake and Oxbow Lake in Wyoming County.

Summer Students Wind Up Day At Airports With A Plane Ride

Thirty high school boys and girls enrolled in Dallas District summer school, visited Avoca Airport Tuesday morning, Forty Fort port Tuesday afternoon, under guidance of Anthony Roan and Thomas Parr, instructors.

At Avoca, students spent an hour in the control room, observing procedure in relaying weather information to aircraft, establishing landing patterns, and routing craft. In the weather bureau on the second floor of the control tower, they heard information coming over the teletype, and noted correlation of information for guidance of aircraft.

Inspection of generators, turbines, and study of mechanics of running the airport took up the rest of the morning.

At Forty Fort, Mr. Roan, a pilot himself, instructed in map reading. Students saw the Link trainer for instrument flying, and viewed all types of small planes in hangars and on the ground.

The afternoon wound up with a flight for everybody in a Piper aircraft, two students at a time.
