A Message From "Your Pharmacist"

"DOOR-TO-DOOR PEDDLING OF DRUGS, VITAMINS AND OTHER MEDICINES will be outlawed by the New York City Board of Health" said Dr. Roscoe P. Kandle, Commissioner of the Department of Health.

DR. KANDLE SAID: "Many door-to-door peddlers make wild, irresponsible and fraudulent claims about the diseases their products will prevent or cure. The courts have forbidden such claims, but the individual peddlers make such claims orally."

ANOTHER SOURCE OF GREAT DANGER IS THEIR SALE OF FOOD SUPPLEMENTS, most of which have little value. Because potent vitamins, which can accomplish much good, are regulated by law for sale in a pharmacy under professional supervision, many opportunists skirt the law by calling them foods. To do this the strength is so reduced that results are negligible. Yet, the prices they charge are usually much higher.

THERE IS NO REASON FOR ANYONE TO GAMBLE WITH THEIR HEALTH. Our desire to protect and keep our good professional reputation is your assurance that your health will always be our foremost consideration. The products we supply will always be dependable and fairly priced. In this competitive age, no one can sell for less and give equal value or quality.

BE SAFE, DEPEND ON YOUR PHYSICIAN TO TELL YOU WHAT MEDICINE TO TAKE AND ALWAYS GET IT FROM A PHARMACIST.
