

Dog Laws Are Being Rigidly Enforced In Kingston Township

Determined to stamp out the nuisance created by unleashed dogs in Kingston Township, the Board of Supervisors at their meeting Wednesday night instructed Township Policemen to enforce the Pennsylvania Dog Law.

The law provides that all unattended dogs found running during the hours of darkness may be dispatched, and all dogs found loose

during daylight hours may be disposed of if not licensed and carrying proper license tags. Licensed dogs may be impounded and the owner notified within ten days in order to recover his dog. The owner must pay the costs of maintaining and picking up his dog.

It is the hope of Kingston Township officials that household pets will not be involved in this action. Dog owners are advised to keep their

dogs on leash.

A number of dog owners learned to their regret this week that the Supervisors and Police really mean business and are extending no favors to those who disregard the law.

Daylight Saving Time was adjusted by the Supervisors as the official time for Kingston Township starting April 24.

Change Of Date

Kingston Township Supervisors will meet Thursday, May 12, instead of May 11.

Fire Auxiliary Divides Assets

Laing Women Disband After 28 Year Service

Twenty-eight years of devoted service to Dr. Henry M. Laing Fire Company and the community it serves came to a close yesterday with the announcement that the Dr. Henry M. Laing Auxiliary will disband and divide its assets among a number of worthy projects.

The announcement was made by Mrs. John Girvan, charter member of the Auxiliary organized in 1932.

In closing its accounts, the Auxiliary will make the following donations: Dallas Community Ambulance Association \$100; Back Mountain Little League, \$50; Wyoming Valley Council Boy Scouts \$50; Crippled Childrens Association \$50; Salvation Army \$25.

Mrs. Girvan said the Auxiliary formerly had a sizable membership but in recent years this has dwindled to three or four women. Over the years the Auxiliary has contributed considerable sums to the company. Several years ago it paid \$650 for a new windshield and it has always been ready to assist whenever necessary. Sometime ago the Auxiliary asked the firemen if there was anything they needed. Their reply was "Nothing, except polish for the trucks." So the Auxiliary gave \$35 to buy it!

Lack of interest on the part of the Fire Company and the women of the community, Mrs. Girvan said, brought the present members to their decision to disband. Dues were only \$1.20 per year.

Mrs. Walter Meade is president. Three of the remaining charter members are Mrs. Girvan, Mrs. R. J. W. Templin and Mrs. Walter Davis.

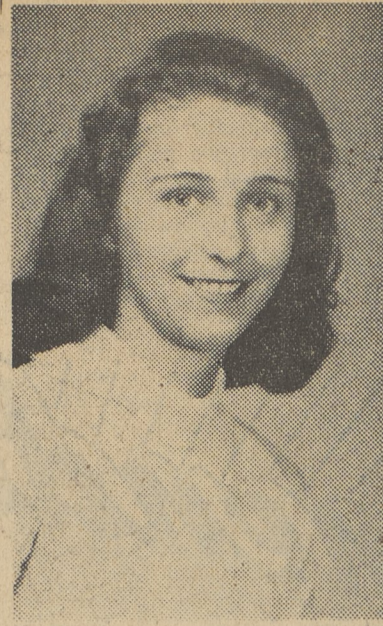

Civil Defense Group To Meet Tuesday Night

Ted Hinkle, newly selected director of the reorganized Townships Civil Defense Program, has announced a meeting of men and women interested in the project to be held at the Luzerne County Court House, Tuesday, May 3, 8 p. m. Any one who is not able to attend is asked to contact Mr. Hinkle at OR 4-7357.

Mr. Hinkle stresses the need for volunteers in the fields of police, fire, evacuation, medical aid, mass care, communications and engineering.

Beware of "secret recipes" for curing cancer, the American Cancer Society warns. Drugs are used to ease pain and prolong life, but no compound has yet been found to cure the disease. Surgery and radiation are still the only means of saving life from cancer.

Last Year's Winner

MARY LANE JERISTA

Last year's winner of the Dallas Township PTA Amateur Show was Mary Lane Jerista, who sang over Television.

This year's winner will be decided Friday night, when the Amateur Show opens at 8 in the Township auditorium.

Recent elimination contests boiled down the seventy-five contestants to twenty-five.

Dress rehearsal took place last night.

Student Council members will usher: Pat Cully, Joan Meyers, Kathie Cavley, Linda Rowett, Margaret Lawson, and Andrea Krimmel. Members of the Audio-Visual Club who will take charge of stage and lighting are Richard Ratcliffe, James Richardson, David Elston, and Wesley Cave.

Westmoreland Girls Chorus, directed by Lester Lewis, will sing between the acts.

Mrs. John Girvan, expert in ceramics, has made a special door prize.

Apollo Soloist

DIANE MEYERS

Diane Meyers, for the past three years a resident of Dallas, will for the second year be soloist for the Apollo Club, in the joint concert to be given in collaboration with the Concordia Singing Society May 20th at Irem Temple.

Miss Meyers, daughter of Mr. and Mrs. Richard O. Meyers, will sing the Slumber Song by Gretchaninoff. She is a student of Helen Newitt Evans, who recognized her talent when she came to this area from Valley Stream, Long Island, where she had been soloist for the choral group in her high school years.

She is soloist for Dallas Methodist Church. She is employed in the loan department of Kingston National Bank; is a member of Dallas Junior Woman's Club, Eastern Star, and is on the advisory board for Rainbow Girls. For recreation, she bowls.

John Rickard, Trucksville, Was Almost 95 At Death

Funeral services will be conducted tomorrow afternoon at 1:30 for John Rickard, late of Harris Hill Road, Trucksville, from the Homer Graham Funeral Home, with burial in Maple Hill.

Mr. Rickard would have been 95 July 13. Up until two years ago, he was fairly active, enjoying short walks around the neighborhood, and up until a few weeks ago he was able to manage the stairs at the home of his daughter, Mrs. Harry Glace, where he had lived for the past thirteen years.

Last Thursday he was taken to Nesbitt Hospital in the Kingston Township ambulance, and died there Tuesday night.

An elderly man when he moved here from his native Ashley, he made few contacts. He was a boiler-maker for Cental RR of New Jersey, retiring in 1920. His wife, the former Lida Davis, died when her only child was fourteen months old.

He leaves his daughter, Mrs. Glace; two grandsons, Charles and Jack Glace; and two great-grandchildren.

Friends may call this evening.

Out of every six deaths from all causes in the United States, one is caused by cancer, according to the American Cancer Society. Yet more people are being saved from cancer each year through early diagnosis and prompt treatment.

First education of women in the U.S. was in the "Dames Schools" where they were taught to read and sew, but not always to write.

Medical Exam For Drivers To Save Lives

Physical examination for driver license applicants will play an important role in reducing highway deaths and injuries, Dr. Charles L. Wilbar state health secretary, has told Pennsylvania physicians.

In a letter to the 18,000 physicians, who will give the physical examinations, the state health secretary told them they are qualified by training to measure physical, mental, emotional and physiological impairments to safe driving.

Dr. Wilbar said the medical examination program will start this year at a date to be set by the Department of Revenue. The first applicants to be examined will be those who apply for their first operator's license after that date.

In 1961 all applicants for initial operator's license will be examined, as will all persons who received their Pennsylvania driver's license prior to 1924. The latter group will be required to have medical examinations and submit reports of the examinations before their operator's licenses are renewed. There are about 200,000 drivers in this group. These drivers have never had any type of examination as the road test and the vision test were not required by law until 1924.

Dr. Wilbar informed the physicians that the Pennsylvania Medical Society and the Pennsylvania Department of Health had been asked to develop standards applicants must meet before being granted a driver's license in Pennsylvania. He said their recommendations are that a person should not be licensed if he suffers from any one of the following conditions:

1. 20/70 or less vision in the better eye with correction.
2. Fixed hypertension of 180/100 or above, accompanied by complications.
3. Dyspnea. This is obvious shortness of breath on slight exertion and is indicative of cardiac trouble.
4. Chronic alcoholism.
5. Uncontrolled diabetes.
6. Neurological disorders affecting muscular control and coordination to such a degree as to prevent reasonable or ordinary control of a motor vehicle.
7. Addiction to narcotics or habit-forming drugs.
8. Neuropsychiatric disorders which cause substantial disturbances of attention, intellectual functioning, perception, reaction time, coordination and personality factors.
9. Loss of use of both hands.
10. Conditions causing repeated

lapse of consciousness (epilepsy, hysteria, narcolepsy). Applicant may be considered for license if free of such episodes for a period of at least two years with or without medication.

Dr. Wilbar told the physicians they will soon be sent a medical guide to help them in their evaluations of applicants for driver's licenses.

Linear Blood Donation Nets Red Cross 46 Pints

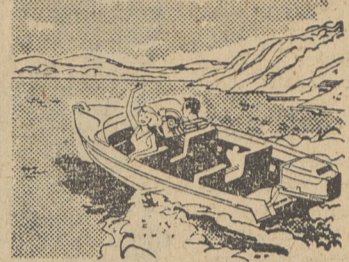

Linear Blood Donor Day on Tuesday netted 46 pints of blood for the Red Cross, the small collection reflecting the reduced working force at the plant.

NEW FROM ALLSTATE

Boatowners Insurance

New low-cost Allstate policy!

Boating can be a lot more enjoyable when you know you're well protected by insurance. This new Allstate policy can give you broad protection—at surprisingly low cost. It offers you:

1. Protection for your boat, outboard motor, trailer and other equipment.

Protects you against loss by fire, theft, sinking, capsizing, collision, explosion, windstorm, hail, submerged objects, vandalism, lightning, and many other hazards.

2. Personal Liability Protection.

Protects you, and all members of your family living with you, against loss from boating accident lawsuits. Covers liability for injury to other persons, damage to their property, and provides you with medical expense protection for their accidental bodily injuries. This coverage also protects you against losses like these while hunting, fishing, traveling, etc. (Auto accidents excluded.)

Wouldn't protection like this help you enjoy boating with greater peace of mind? Talk to an Allstate Agent about this low-cost Allstate policy soon. Stop in or call today for complete information.
