## Fire Rages Out Of Control For Nine Hours

### Children Suspected Of Setting Forest Fire On Bunker Hill

Children playing with matches are suspected of having started the brush fire which swept through twenty five acres of trees at Bunker Hill Sunday afternoon, endangered three homes which were saved only by strenuous back-firing on the part of Trucksville volunteer firemen, and kept the fire-fighting force on the move for nine hours.

Vought Long, fire chief, reports that both pieces of apparatus were used, and that volunteers with Indian tanks penetrated into the woods where trucks could not go. In that area, there are many evergreens, which exploded like so many torches as the heat struck them.

The houses endangered were fringed with evergreens, the Clanton Carr and the William Clinton homes fairly deep in a woody area, the Paul Rutkowski home not quite so vulnerable.

During the afternoon, Trucksville firemen also answered a call to an area high on the ridge of the mountain above Birch Grove where there are a number of homes, a region which had to be approached through Larksville. This blaze took two hours to extinguish. By the time firemen finished there, Bunker Hill needed more attention. Volunteers had no rest from 1:30 until late at night.

Chief Long reports that fire wardens are investigating. Children, he warned, are letting their parents in

All persons indebted to said estate are requested to make payment, and those having claims or demands to present the same without delay to the administrator, Louise Pegarella, 560 Orchard Street, Warrior Run, Pa. for answering serious charges if not kept under control. The woods are tinder dry, the wind is high, and the region is lacking in rainfall, which all adds up to a very dangerous condition.

Each time a piece of woodland is burned over, the loss of wild-life is horrifying. Baby rabbits, baby birds, and the insects which help pollinate the apple blossoms, are roasted alive.

A carelessly dropped cigarette can start a fire which quickly becomes almost uncontrollable.
