

Dallas Faculty Confident As It Prepares To Meet Warm Radio Team Saturday Night

Three Church League Games Also Scheduled Starting At Six At Junior High School Gym

BY KATH YEISLEY

To help insure one of its best years, Back Mountain Church League has obtained the WARM Radio Station's team, made up of announcers from the station, and has scheduled a game between them and Dallas School District faculty.

George Gilbert, "King" Arthur Knight, Harry West, Don Stevens, and other well-known disc jockeys will be pitted against these tentative faculty "All-Stars": Set-shot specialist Bob Dolbear; hook-shot artist Chet Molley, Arch Austin, George McCutcheon, Eddie Brominski, George Dombeck, Edgar Hughes, Clint Brobst, and others.

This exciting tilt will be played at 8 Saturday night when the League starts its games again after a holiday lay-off. For an evening of wonderful entertainment, plan to take the family!

Also on the schedule are three League games that should provide many thrills. Scheduled first is the important game in which unbeaten Harveys Lake plays once-beaten St. Therese's.

This game will be moved ahead an hour to 6 due to the evening's special entertainment.

Harveys Lake is leading the League, while St. Therese's is tied for second place with Huntsville.

The Saints, a new group this year possessing some of the tallest players in the League, have looked better in every game and should give the fine Lake team trouble.

They will have to contend with many potential scorers, led by Don "Zeek" Hinkle, who is presently leading the League with a 20.7 average per game. Larry Crispell averaging 16 points per game, and Harry Derhammer averaging 15.3

points per game. The Saints, on the other hand, are a good rebounding team, and will probably shoot a lot with the hopes of controlling the boards. Bob Bolton, with a twelve point per game average, has been the main offensive threat of the Saints, but has been backed up closely by his teammates, all of whom average about 6 or 7 points a game. This will primarily be a game pitting the speed of Harveys Lake against the height of St. Therese's. It should prove to be a good game.

Huntsville Vs Prince Of Peace
At 7 Huntsville and Prince of Peace meet in another rather important game.

Huntsville needs to win to remain in contention, since it is now tied for second place with St. Therese's, their lone defeat being Harveys Lake in an overtime thriller.

Should Huntsville win, and St. Therese's win over Harveys Lake, there would be a three-way tie for first place by these teams, each with a 3-1 record.

Prince of Peace, on the other hand, is going to give Huntsville a tough time after looking better by beating East Dallas in their last game.

Huntsville boasts the League's second leading scorer in Clint Brobst, Westmoreland High School coach, who is averaging 18 points per game. Gary Dietz and Bob Grose of Huntsville are also in the League's top ten in scoring, Gary averaging 14 points per game, and Bob averaging 13.3 per game. Prince of Peace has two men in the top-ten with Don Rome averaging 13.7 and Tom Richardson averaging 11 points per game. Huntsville has Bob Berlew, at 6' 7" contending for rebounds

against Prince of Peace's two tall boys, Bob Pizna and Lee Ohlman both at 6'4". This should also prove to be an exciting tilt.

Shavertown and winless East Dallas meet at 9. This is a must game for Shavertown if it wishes to remain in contention for first-half honors, while East Dallas is going to try hard to get in the win column.

Shavertown will depend on the scoring of Gene Brobst, who averages 15 points per game, and the rebounding of Ernie Widmann, one of the League's best. East Dallas will depend on the rebounding and scoring of Bill Lewis, with an 11 point per game average, and Rich Clewof, averaging 10.3 points per game.

East Dallas has always proved to be tough against top teams and will be trying everything to upset Shavertown.

Please remember the game times! At 6 p. m., it's Harveys Lake vs St. Therese's; at 7 p. m. it's Huntsville vs. Prince of Peace; at 8 it's the "Sensational Seven" of WARM vs. the Dallas School District Faculty; and at 9 p. m. it's East Dallas vs. Shavertown. See you there!

The following is a list of the League's top ten scorers: (Based on three games.)

	Pts. Avg.
1. Hinkle, Harveys Lake	20.7
2. Brobst, Clint, Huntsville	18
3. Crispell, Harveys Lake	16
4. Derhammer,	
Harveys Lake	15.3
5. Brobst, Gene	15
Shavertown	15
6. Dietz, Huntsville	14
7. Rome, Prince of Peace	13.7
8. Grose, Huntsville	13.3
9. Bolton, St. Therese's	12
10. Richardson, Tom	
Prince of Peace	11

Ross Twp. Girl Fractures Skull While Coasting

Jacqueline Hoyt Loses Control Sled Crashes Truck

A sleighing party Monday morning resulted in near tragedy for a thirteen year old Lake-Lehman junior high school student, when the sled she was steering gathered speed on an icy hill and crashed the wheel of a truck parked on the shoulder at a curve in Bloomingdale.

Jacqueline Hoyt, unconscious, and bleeding from scalp wounds, was taken to Nanticoke Hospital by her mother, Mrs. Caleb Hoyt, of Broadway. X-Rays reveal a fractured skull. Listed upon admission as in serious condition, she was making steady improvement by Tuesday morning, and was removed from the oxygen tent. Jackie's passenger on the big sled, Rita Post, a third grade student at Ross Township school, suffered a sprained wrist.

Harold Post took a group of children from Broadway to Bloomingdale to coast on the hill opposite the Dana Sutliff home. Parents posted themselves to hold traffic while children descended the hill in safety.

The sled which Jackie was steering flew out of control on the curve, and struck the truck which had brought her to the hill. The accident happened shortly before noon.

Boy Hurt In Sledding Accident Is Critical

Little Robert Miller, 10 year old Kunkle child, whose skull was fractured in a coasting accident the day after Christmas, has not regained full consciousness. His father stated yesterday morning that the boy is critically hurt. He cries a great deal in his semiconscious condition.

Results of tests to determine if possible the extent of the damage, taken yesterday at Geisinger Hospital, where he was admitted December 26, are not yet available. His mother is with him every day, returning at night to care for her other three children.

Deer, Chased By Dogs, Is Killed

Crust On Snow Retards Fleetness

The recent heavy snow, now with a crust on top, is hard on deer according to local game protectors who say that a number have been chased out on to the highways by dogs where they have been killed by automobiles.

Dogs have the advantage since they can travel on the crust while the deer break through and become fatigued.

On Tuesday morning a doe, apparently chased by dogs, was killed by an automobile on the big curve on Route 309 just this side of Luzerne. The deer had apparently come down the wooded slope, and crossed Toby's Creek before it was killed.

Just as Carl Stainbrook and Duane Lettie of the State Game Commission drove up they saw two panting small hounds come out of the woods on the opposite side of the creek.

Brunges Gets \$1,000 For Injuries Sustained When Soldier Was Killed

Chairman Of Dinner

TED WILSON

Ted Wilson, general chairman, has announced that the annual dinner of George M. Dallas Lodge F. & A. M. No 531 will be held Thursday night, January 19 at Irem Temple Country Club with Rev. Robert Yost of Shavertown Methodist Church as speaker.

Myron S. Baker will be toastmaster. Rev. David Morgan of Mountain Top will give the invocation and benediction.

Past Master Howard Lanco will present the Past Master's Jewel to Harry Ritts, retiring Worshipful Master.

Assisting Mr. Wilson on the committee are: Harry Swopston, Jr., Donald Britt, Clinton Smith, Edward Jeter, Frank Gelsleichter, William Hopa, Frederick Eck, Edward Powell and Carl Remley.

Malcolm Brunges, 19, son of Mr. and Mrs. Walter Brunges, Claude Street was awarded \$1,000 in a settlement approved Tuesday by Judge J. Harold Flannery for injuries received September 27 when he was injured in an automobile accident in which Ronald P. Wruble, 19, Detroit serviceman, was killed.

Defendants were W. Richard Mathers, his son, William R. Mathers, Jr., and Raymond G. Malkemes, Jr.

Brunges was a passenger along with Wruble in a car owned by the elder Mathers and operated by his son on the night of September 27 when Wruble was killed in front of Noon's Garage at the intersection of lower Main Street, Dallas, and Route 309.

Malkemes was driving his car in the same direction on Route 309 from Bolton's Diner when Mathers is said to have attempted to pass. Malkemes is said to have signaled to turn right but changed his mind and turned left instead. In the resulting accident Brunges and Wruble were thrown out of the Mathers machine. Wruble was killed and Brunges sustained a broken heel and lacerations of the face requiring twelve sutures.

A & P Under Roof

The building for the new A & P supermarket, the first structure in the new Dallas Shopping Center is now under roof and work on the interior is now expected to move along at a rapid pace.

Supports for the roof, erected last weekend, are unique in that they are made entirely of laminated wood with the main span approximately eighty feet long.

Material was supplied by Rilo Manufacturing Co.

Elected Secretary

Paul M. Rodda

Paul M. Rodda, Pioneer Avenue, partner in the newly formed architectural firm of Allen, Rodda and Hauck, formerly with Lucy Atherton Davis, has recently been named secretary of the Pennsylvania State Society of Architects.

Added also to his list of honors, is chairmanship of the "Chamber of Commerce committee" on beautification.

All Dallas Township Officers Reappointed

Dallas Township Supervisors reorganized Tuesday night with no changes in personnel or the tax structure.

Westmoreland Rallies In Fourth Period To Stop Kingston 60-52

Westmoreland ended its exhibition schedule on a winning note by staging a tremendous fourth rally to topple Kingston 60-52 on the losers floor Tuesday night. The win gives Westmoreland a 4-3 record in pre-season play.

Trailing 39-33 going into the final period the Mountaineers put up an all-court press which seemed to rattle the Huskies and with less than two minutes gone in the final period pulled into a 41-39 lead which the Mountaineers never relinquished.

Gauntlett, Evans Star
The entire team played heads up ball in the final period but it was the scoring and rebounding of Gauntlett and Evans that told the

final outcome. Evans tallied 10 markers in the fourth with Gauntlett next with 9.

Gauntlett and Evans were the big guns in the win with 23 and 21 points respectively. Gauntlett with 15 and Evans 12 in the second half changed the complexion of the ball game after the Mounts scored but 19 points as a team in the first half.

Kingston had three men in double figures with Maher showing the way with 17 followed by Savitz with 15 and Morgan 10. Maher got a hot-hand in the second half and tossed in 14 of his total.

Kingston lost Savitz and Greenwood on fouls while Westmoreland lost Trewaren.

Westmoreland opens its North League schedule next Tuesday at home with Lake-Lehman the opposition.

WESTMORELAND	g	f	pts.
Evans, f	6	9	21
Oney, f	1	0	2
Lets, f	0	0	0
Dietz, f	0	1	1
Trewaren, c	2	2	6
Inman, g	3	1	7
Gauntlett, g	7	9	23
	19	22	60

KINGSTON	g	f	pts.
Morgan, f	3	4	10
Savitz, f	5	5	15
Rome, f	0	0	0

Klick, g	1	0	2
Landau, g	2	0	4
Greenwald, g	2	0	4
Obrensky	0	0	0
	20	12	52

Half-time score 24-19, Kingston leading. Fouls tied Westmoreland 37, Kingston 20. Officials—Hazinski and Hardy.

Civil War Round Table To See Krimmel's Firearms Of 1861-'65

William Krimmel will present a collection of Civil War firearms at the meeting of the Civil War Round Table scheduled for Friday night, January 13, at Back Mountain Memorial Library Annex at 8.

A collector of firearms for the past thirty years, Mr. Krimmel is a member of the National Rifle Association, Wilkes-Barre Rifle Club and is a State and National competitor in pistol shooting.

Among the Civil War firearms in his collection are: Sharps, Spencer, Enfield rifles, Burnside muskets and Burnside rifles, Remington and Colt pistols.

In discussing the firearms he will show, Mr. Krimmel said: "The Civil War saw the transition from the old muzzle loaders to modern firearms. Probably more progress was made during this era than during any other similar period in American history."

He will also display Minie balls, lead balls and other ammunition.

Quoting an article by Pete Kuhlhoff in January Argosy magazine, Mr. Krimmel said, there has been a marked increase in the prices of

Names Of Eight Streets Will Be Changed Shortly

Supervisors Name Updyke Police Chief At Annual Meeting

Wages of Road Department employees were increased 5c per hour at the reorganization meeting of Kingston Township Supervisors Tuesday night at the Township Building.

Wage of the equipment operator was increased 10c per hour during the three months of the year when he operates heavy equipment.

As was anticipated Herbert Updyke, assistant police chief, was named chief of police and Jesse Coslett, police chief for the past eight years, was made assistant chief on a job rotation basis. The two officers will receive equal salaries. Updyke has been assistant chief for the past five years.

Austin Line was reelected chairman of the Board of Supervisors; Larry Ziegler, secretary-treasurer; Arthur Smith, road supervisor; Atty. Mitchell Jenkins, solicitor.

Luzerne National Bank and Shavertown Branch of Miners National Bank were retained as depositories.

New Street Names

Atty. Jenkins was directed to draw an ordinance on new street names which will be presented for approval at the regular meeting of the Supervisors next Wednesday night, and adopted at an adjourned meeting on January 24.

Where there have been duplicates or similarity in names the name of the street having the lesser number of residents will be changed.

The names of the following streets with similar names to other streets will not be changed: Orchard, Truicksville, Maple, Truicksville, School Lane, Shavertown; Oak Lane, Truicksville.

The names of the following streets will probably be changed as follows: Oak, Truicksville, to Doran street; Orchard, Shavertown, to James street; Summit, Truicksville, to Skyline Drive; Grove, Shavertown, to Vine street; Maple, Shavertown, to Division street.

Mt. Greenwood Road will become South Pioneer Avenue; Terrace Drive, Shavertown, will revert to its old name, Perrin Avenue; Brook street, Truicksville, will become Laurel Lane. The short street now having no name running from Church Road parallel to and west of Memorial Highway in the Knob Hill section will become Mathers Drive.

The Supervisors have received petitions to take over three new streets and will probably do so at their next meeting. These streets are in the Banks plot from Meadowcrest to Bunker Hill Road; a street in Westmoreland Hills, and the prolongation of Perrin Avenue, presently known as Terrace Drive.

Please Help

If anybody has a heating stove for sale at a reasonable price, or better still as a gift, neighbors of a newly installed family near Pikes Creek would like to arrange for its purchase. The father is in the hospital, and it will not be possible for him to return home until there is heat in addition to the present kitchen stove. Make inquiries through Mrs. Lewis Kytte, Greenleaf 7-2749.

Surplus Food January 17

Surplus food distribution will take place Tuesday, January 17, at the Dallas Borough building. Residents holding coupons are reminded to bring with them shopping bags or boxes, as commodities will be cumbersome. Hours are from 9:30 a. m. to 2 p. m.

Milstein Plays Here On Tuesday

Noted Violinst To Appear At Temple

NATHAN MILSTEIN

One of the world's great violinists, Nathan Milstein, will appear in concert at Irem Temple, on Tuesday, January 10. His Northeastern Pennsylvania concert is being sponsored by the Wilkes-Barre Community Concert Association.

Since his widely-hailed North American tour last season, the eminent violinist has been heard extensively in Western Europe. In demand wherever music is performed, Milstein and his manager, Impresario Sol Hurok, limit his appearances so that he may spend as much time as possible with his family in his house in Paris and his apartment in New York. His current tour is Milstein's thirty-first anniversary tour of the U. S. and his Wilkes-Barre concert was possible only because of the proximity to New York City.

The violinist, who was already famous in Western Europe when he made his American debut in 1929, will perform here on his Stradivarius, christened the "Maria-Theresa" by Milstein in honor of his daughter and his wife. Formerly the violin was known in the music world as the "Ex-Goldmann," since it was originally in the Goldmann collection.

Born in Russia, Mr. Milstein has been an American citizen for a number of years. The Ministry of Culture of the Soviet Union has invited the violinist to return there for a concert tour following his current American one, and if plans work out, he may do so.

Among the violinist's hobbies are painting, in water-color and oils, and restoring old furniture. He likes to play ping-pong, and boasts that once he beat Heifetz who is supposed to be the ping-pong champion among musicians. Milstein is also interested in chess, and reads widely in political and philosophical literature. In addition to his native Russian, he speaks French, German, and English, and reads Spanish and Italian.

Dr. Flack Lassos Lively Visitor On Second Day Of The New Year

Dr. and Mrs. George Flack had a lively but not unwelcome caller on the second day of the New Year.

Looking out of the window of their home on busy Memorial Highway in Truicksville on Tuesday afternoon, they saw a handsome buck deer in their parking lot.

Afraid to frighten him and have him bounce back down the slope into the stream of fast flowing traffic, they obtained the assistance of several young fellows who coaxed and gentled him back to their house and away from the road.

There Dr. Flack lowered a rope from a second floor sundeck around the animal's neck, but never having been tethered before and full of spirit, the young buck promptly kicked out the kitchen window.

Dr. Flack knew just what to do under such circumstances. He gave

the animal a tranquilizer and before long the buck was as gentle as a puppy.

Dr. Flack examined him and found that he was bleeding from the mouth as the result of having run into a New Jersey motorist's automobile before leaping to the parking lot. The injury was superficial but may have dazed the animal momentarily. The motorist, who had stopped the car, was among the young men who helped to corral the buck.

Dr. Flack called Carl Stainbrook of the State Game Commission and shortly game protectors arrived to take the buck out to the mountains.

"He was pretty as a picture," Dr. Flack said, "he had no rack, just two buttons. He was a lively visitor on an otherwise quiet day."

School's Bells Ring At Night

Give Warning Of Low Boiler Water

The bells were ringing New Year's night at Dallas Borough School and they must have rung all night, for Don Weidner, who lives on Lehman Avenue, heard them ringing at 2 a. m. and went over to the school to investigate.

The ringing came from the boiler room and Mr. Weidner thought that somebody ought to know about it. Returning home he attempted to call Henry Welsh, custodian, but found he has no telephone.

Then he called Mrs. Louise Colwell, school principal, who thought the ringing might come from the class dismissal bells controlled by an I. B. M. system.

Next morning when Steve Monka, school custodian, arrived to check the heating he found that the bells were actually a part of the safety warning system on the high pressure school boilers.

Paul Shaver, electrician, was called out on the holiday morning and found that a heater block across the line starter was burned out. He was able to repair it temporarily.

The warning bells, Mr. Shaver said, indicate when water is running low in the boilers and they could indicate serious trouble in the offing. Fortunately no serious trouble followed their New Year's night warning.

Erecting New Building

Walls are up and subflooring laid for a new 90 feet by 90 feet single story building being constructed by Sheldon Cave and his son, Jack, at Idetown to house their mercantile interests.

The building is expected to be completed in May.

Promoted

CAPT. H. C. W. BIRTH

Lt. Harold C. W. Birth son of Mr. and Mrs. Clyde W. Birth, 32 Mt. Greenwood Rd., Truicksville, has recently been promoted to the rank of Captain in the USAF. Capt. Birth is stationed at Waco, Texas, with Headquarters 12th Air Force where he is an active staff pilot, flying both jet and conventional type aircraft. He is also Management Analysis Officer with the duty of briefing the 12th Air Force Commander and his staff weekly on the operational capabilities of the Tactical Air Command bases.

Capt. Birth is married to the former Vida R. Kocher of Noxen, and is the father of two children, Cynthia 3½ and Bradley age 2.

Capt. Birth and family have been the guests of their parents, Mr. and Mrs. Clyde Birth, and Mr. and Mrs. Sterling Kocher of Noxen, during the holidays. They will be returning to Texas by way of Newport News, Virginia, where they will visit with Mrs. Birth's sister and family, Mr. and Mrs. Reese Langston.
