WHAT IS "RADIO-DISPATCHED" ROAD SERVICE ?

It is simply this . . . the control transmitter is located in the Club headquarters office. AAA garages have the mobile units in their service vehicles. To get their help the member calls the Club, not the garage, for speedy dispatch of the nearest radio-controlled service vehicle. From NEptune and ORchard exchanges, call the toll-free Enterprise number above. From any other area, call the Club DAY or NIGHT, at VA 4-2444.
