

# Lake-Lehman Faculty Rides To 34-28 Victory Over Lettermen On Donkeys

## "Hopalong" Nuss and "Cactus" Gulbish Tally 18 Points In Win Before Roaring Capacity Crowd

A capacity crowd filled the Lake-Lehman gym Friday night despite the inclement weather to witness the spills and thrills of the "donkey raiders" as the Faculty turned back the younger Lettermen team 34-28.

Not only were some of the spills hilarious but a few of the donkeys showed they could be as stubborn as human beings. "Susie" seemed to be of the lazy type as she just wanted to lie beneath the basket with her supposed to be rider sitting hap-hazardly on top, lucky "Slim" Edwards was one of the riders. Could it have been that "Slim" wore it to a frazzle? There was another donkey that just didn't like to be

rode. His riders were off more than they were on and a few got a kick in the shins with a "back footer." "Hopalong" Nuss was one of the riders that had to contend with such antics.

"Slim" Edwards took some of the best spills of the evening with a few belly-floppers over the donkey's head.

"Hopalong" Nuss and "Cactus" Gulbish supplied the scoring punch in the second half to bring the victory after the Lettermen knotted the game at 24-24 early in the final period.

Faculty held a 16-12 half-time lead as "Black" Mark and "Slim" Edwards each tallied four points after the Lettermen had held the lead until midway in the second period.

Woodling and Landis each tallied six points to lead the Lettermen.

Other standouts for the Faculty include "Buck" Rash; "Sugarfoot" Zaleskas; "Tex" Longmore and "Klondike" Stolarick.

In the preliminary contest the boys, wearing boxing gloves, defeated the girls team 23-18.

All proceeds go to the Lettermen's Club.

## Bear Creek Dam To Be Dedicated On June 10

Governor David L. Lawrence has invited three Pennsylvania Congressmen to serve as co-chairman for dedication ceremonies at the new Bear Creek Dam on June 10.

In letters to Rep. Francis E. Walter, of Easton; Rep. Daniel J. Flood, of Wilkes-Barre; and Rep. Willard S. Curtin, of Morrisville, the Governor, who is Honorary Chairman, asked the three legislators to join him in sponsoring the event since all three Congressional Districts will benefit from the dam.

Ceremonies have been scheduled for 11 a. m. by the U. S. Army Corps of Engineers who built the dam. Lt. Gen. E. C. Itchner, Chief of Engineers, will also serve as one of the chief sponsors of the ceremony. After the dedication, officials will tour the new reservoir by boat, then attend a dedication luncheon at Split Rock Lodge.

The structure, largest earth-fill dam east of the Mississippi, will provide flood control for communities along the Lehigh River including Jim Thorpe, Lehighton, Allentown, Bethlehem and Easton.

Recreational facilities to be built by the State Department of Forests and Waters will serve the Wilkes-Barre-Hazleton area.

## Beaver Season Opens Saturday, 7 Allowed.

Beaver season opens Saturday. Seven beavers may be trapped by a person this year. Last year the number permitted was five. March 19 is the last day of the season. Traps may be set at 7 a. m. Saturday, lifted not later than noon, March 19. Trapping is the only legal method. Beavers may not be shot. Owners and cultivators of land where beavers have their homes, may trap without hunting license. Others must have hunting license.

One person may set not more than ten traps, and these must not be set on the structure of a beaver dam or house. An identification tag is required on each beaver trap. Beaver pelts must be presented for tagging to the Game Protector within ten days of close of the season. Pelts may not be disposed of until the Game Protector has affixed a seal.

## Heavy And Constant Snowfall Flood Danger

Indications point to a flood in Wyoming Valley if warm rain early in March combines with snow melting. Very little snow has melted during December and January. Snow is uniformly heavy on watersheds feeding the Susquehanna.

The last bad flood was in 1936, when a flood stage of 33.07 feet was registered in Wilkes-Barre. Several days of warm rain and temperatures up to 60 degrees combined with a heavy snowmelt to do the damage.

The Weather Bureau sees no immediate danger unless this pattern is repeated in March. But this forecast was released before fifteen additional inches of snow fell during the weekend blizzard.

"Interest which is taxable includes interest on savings or other bank deposits; on bonds, debentures, notes, loans, mortgages; interest on savings or other bank deposits; on bonds, debentures, notes, loans, mortgages; interest on refunds of Federal taxes, on U. S. Savings Bonds, and on GI insurance dividends left on deposit with Veterans Administration.

## They're Not As Extinct As You Might Think

Glen Johnson, genial driver for Harter's Truckville Dairy, was quick to let us know that he has seen a horse and cutter many times this winter—his own Judy, hitched to her own cutter and driving over the back roads in Lehman Township.

Glen, however, much as he gets around, has seen no other horses and cutters.

On New Year's Day the Johnson family had a delightful ride. In the party were Mr. and Mrs. Johnson and four girls who were being entertained by their daughter, Shirley, at a Pajama Party. They were Cindy Disque, Helen Sedler, Jeannie Cigarski and Janet Fielding.

And up at Mehoopany a week later, Charles Womer of Noxen spotted a horse and cutter on the Henry Love farm.

So the driving horse is not quite extinct in these parts.

Mrs. Schooley says it makes her feel good all over that somebody picked it up and turned it in to the police.
