

Wyoming Valley Safety Council To Sponsor Bicycle Safety Drive

Again this year the Wyoming Valley Safety Council will conduct the Bicycle Safety Campaign for all bicycle owners of the Wyoming Valley area.

Last year it installed safety reflector tape on over 9,000 children's bicycles in the Pittston, Wilkes-Barre, Nanticoke, Dallas, Forty Fort, Mountain Top, Larksville, Luzerne, and Glen Lyon areas.

Trooper John Loftus of Wyoming Barracks will again give a talk to all youngsters on proper bicycle riding, proper bicycle riding.

There will be one station in Dallas. The Wyoming Valley Safety Council operates with no source of income or expenses. They therefore look to service organizations for sponsorship of these worthwhile programs.

Cost of the reflector tapes is \$15 per 100 bicycles.

Last year, Trooper Loftus, George W. Jones of the Wilkes-Barre City School District, James Lavin, Driver Training Instructor of Coughlin High School, and Gerard F. Fritzen, Pennsylvania Manufacturing Association, donated over three weeks of their time in conducting this worthwhile campaign to instruct and check the bicycles of many children in the hope that it could help prevent many accidents. The AAA contributed thousands of bicycle safety pamphlets which were distributed to youngsters.

NOW! A low-cost way to control problem grass in orchards

It's **DOWPON**—the economical grass killer. Instead of chopping or cultivating all season, just apply Dowpon to your fields—in the spring before planting, or in the fall, after harvest—and you'll be rid of tough problem grasses. That's because Dowpon, sprayed on the leaves, kills the whole grass plant, from the tops to the deepest roots—at a rock-bottom cost per acre. Also use selectively in some crops.
