Taking the tour were Barbara Isaacs, Joan Gettler, Marie Drobniak, Jeanne VonKamen, Dolores Ann Dolgas, Anne Kilkenny, Carole Rodi, Nola McPadden, Kathy Stianche, and Sally Ervin.

Do you frame your prescription?

When you have a Prescription filled do you take a few pills or a few spoonfuls and then put it on the shelf and forget about it? If you do, you are jeopardizing your health. Follow your Doctor's instructions to the letter—take all of the Prescription. Then go back to your doctor. He'll tell you whether or not to have the Prescription re-filled. There are too many half-filled bottles in medicine chests, mute testimony that YOU PAID for your doctor's advice and didn't follow it. You might as well frame your doctor's Prescription as to take only a part of it. The most important business we have is filling your Doctor's Prescription. Your most important job is taking it.
