Chester Rusilowski has been crowned as champion township trout fisherman, having caught several thirteen-inch trout. This reporter can attest to the size as I actually saw them, and in fact, ate and enjoyed the evidence. Chester was nominated on the Democratic ticket for Constable at the Primary Election. He was accompanied by Joe Levi on his fishing expedition and states that they know where more of the same size are located and challenge anyone to dispute Chef's crown. Let's hear from you others and produce the evidence. I love trout!

Remember this is your column, so call your news in to OR 4-2732. I was too busy picking stone out of my plowed lawn to call all you good people last week.

The County Road near the Filter Station is in dangerous condition due to the height of the patching on the right side of the road leading to Hillside. This causes cars to veer to the left and possibly cause an accident with an approaching car. This particular patching should be cut down and leveled for safety's sake.

and I had to sandwich in lawn mowings when possible.

Ordination service was in Central Methodist where at the Conference ten years ago Dorothy was commissioned a missionary for Africa. A lot of things have happened in Africa since then!

As I say, doubtless my friends and neighbors around Mt. Zion have been having company, going places, doing things but this reporter has been too Methodistical to find out and write it down.

O by the way; last week's column reported that the Exeter Township Elementary School 7th and 8th grades were going to visit the Ransom Swannee Paper Mill, Well, I followed the bus up the narrows Friday when I was going to the Home as chaplain. I found myself waving at the kids looking out the back windows. What a friendly bunch they were, making all kinds of gestures at "Uncle Charlie"!

Americans bought more new books last year than were owned by all mankind before the 20th century. Book publishers spent nearly \$10 million in newspaper advertising in 1958 to whet the literary appetites of the public.

Sorry, couldn't get time to rustle up news last week; nothing going on—but Wyoming Annual Conference at Kingston, and I'm still a member and expected to attend.

It was a significant thing the Conference did on Sunday afternoon when among others our own pastor's wife, Mrs. William Reid, was ordained a deacon. She was already a licensed local preacher having pursued the studies required. Now two years more and she can be ordained Elder. Mrs. Reid, like her preacher-husband, is also a student of the spiritual life.

No news. But I should know that other matters do go on. For instance, since our organist, Sandy Saunders, could not play on Sunday we asked Mrs. Ralph Weatherly to pinch hit. I'm sure she did well, for she was organist at Grace Church, Kingston, for years. Our family as usual attended the Conference church to hear the Bishop preach. So we didn't hear Mrs. Weatherly play, and I'm sure we missed a treat.

Grass couldn't wait for us Methodists to save the world at Annual Conference. The grass grew like wild

Here's good savings news from

**WYOMING NATIONAL BANK**

**Every Day**

**Interest**

**builds savings faster!**

"Every Day Interest" means your savings earn interest every day—from day of deposit to day of withdrawal.

IT ALL ADDS UP . . .

there's no loss of interest on money withdrawn during quarter. Interest is earned on every dollar from the day of deposit to the day of withdrawal . . . on savings account balances for \$5 to \$100,000 . . . provided the account remains open to the end of the quarter. Interest, at the annual rate of 3%, is compounded and credited every three months.

33 grace days in each quarter. Money you deposit during the first ten days of each month earns interest from the first day of the month plus a three-day grace period for withdrawals at the end of each quarter.

**OTHER SAVINGS ACCOUNTS**  
With many other savings accounts, you lose interest on money you withdraw in the middle of an interest period. In fact, you lose all the interest it has earned since the beginning of the period.

**WYOMING NATIONAL SAVINGS ACCOUNTS**  
At Wyoming National, as long as there's a balance in your account at the end of the period, you get full interest on your savings every day . . . yes, right from the day of deposit to day of withdrawal.
