

Bowling News

By DORIS MALLIN

Summer has arrived at Crown Imperial! Everyone is signed up in one league or another and off we go in a whirl of summer skirts and Bermuda shorts!

Tournament season is just about at an end! The last Proprietors' Annual, being held at Sacred Heart and Jimmy's Central, is underway now.

Dallas Dairy of Back Mt. Neighborhood League showed city "fellers" some mighty fine bowling Sunday night at Jimmy's. The local boys rolled 3130 total pins and hold top place in lineup to this date. Charlie Else was the real star, hitting 679 including 267-172-240 games. His scratch scores totaled 655. Al Patton rolled 259-147-238 (644); Ron Fielding 184-196-228 (608); Sid Fielding 230-176-200 (606); Carl Roberts 212-205-176 (593); the boys had a first game of 1152 and 1082 in third.

Berti and Sons hit 2944, but individual records are not available. Dallas Nursery posted 2870 including three games in 900's. Mike Corgan led scoring with 619 (240-195-184); Cliff Garris hit 597 (168-202-227); Nick Stredny 164-189-217 (570); Al Ciccarelli 193-207-170 (570); and Frank Kardell 167-163-

184 (514).

Circle Inn of Country League started off the tournament last week. Being the very first team to roll, the team held top position for at least one night.

Watch for the special offer at Crown Imperial Lanes beginning this week! Go to the desk and ask for details!

The Black Beauty Ball will go to you this week if you are holding No. 977288.

J. Henry Pool Active In Golfing Circles

Mr. and Mrs. J. Henry Pool attended the Senior Golf Tournament held at West Chester Country Club, Rye, N. Y. They were accompanied by Arthur Strayer. Both Mr. Pool and Mr. Strayer participated in the Tournament and played with and against such National figures as John Roberts, Fritz Clemens and "Egg" Quinter.

Mr. and Mrs. Pool will leave in the near future for Belgium where Mr. Pool, as a member of the ten man Senior U.S. Team will play against the Belgian team in King Leopold Tournament. It will be played at a Country Club between Antwerp and Brussels in Belgium.

The Pools will leave Belgium and Mr. Pool will play in a golf tournament to be held at Deauville, France.

State, National Highways Build A Better America

How close are you to being the average motorist? The average suburban commuter drives 6 1/2 miles to work. His wife - if she is lucky enough to have a second car - drives 4 miles for shopping. The average family drives 11 miles for medical and dental care, and 4 1/2 miles for recreational activities or church. The average pleasure ride is 15 miles, and the average vacation trip is 276 miles. The point is, that we travel quite a distance for almost all of our economic, social and civic activities. We spend a lot of time "on the road." This is basically why we need better highways.

We don't need more mileage, but we need to make our existing roads and streets safer, faster, and easier to drive upon. Does your child ride a bus to school? Will he reach there safely and return home safely? That depends upon the safety of the roads and streets in your community. The average cost of an accident is \$100 for each vehicle involved. Statistics prove that a safe highway reduces your chances of an accident by one-half. If you are an average motorist, you pay out \$973 a year to own and operate your automobile. Of this total, only 12% goes into maintaining our roads and city streets and building new ones. We can afford better roads for faster, better motoring.

Critics of the national highway program say, "They're tearing down homes, schools, and hospitals in order to put a new road through town." That's right, they are. But Highway Engineers try to route a new expressway through areas where the homes, schools, and hospitals are already obsolete and property costs are the lowest. And experience proves, when the new road is finished, property values along the way more than double. A new highway doesn't destroy value. It creates value. Better highways save time, save money and build a better America.

Here's good savings news from

WYOMING NATIONAL BANK

Every Day Interest builds savings faster!

"Every Day Interest" means your savings earn interest every day—from day of deposit to day of withdrawal.

IT ALL ADDS UP . . .

there's no loss of interest on money withdrawn during quarter. Interest is earned on every dollar from the day of deposit to the day of withdrawal . . . on savings account balances for \$5 to \$100,000 . . . provided the account remains open to the end of the quarter. Interest, at the annual rate of 3%, is compounded and credited every three months.

33 grace days in each quarter. Money you deposit during the first ten days of each month earns interest from the first day of the month plus a three-day grace period for withdrawal at the end of each quarter.

INTEREST

OTHER SAVINGS ACCOUNTS

With many other savings accounts, you lose interest on money you withdraw in the middle of an interest period. In fact, you lose all the interest it has earned since the beginning of the period.

FULL INTEREST

WYOMING NATIONAL SAVINGS ACCOUNTS

At Wyoming National, as long as there's a balance in your account at the end of the period, you get full interest on your savings every day . . . yes, right from the day of deposit to day of withdrawal.
