GUESS WHO

Her cookie jar is always filled. Her car is at the ready. She never shouts when milk is spilled. She lets her kids go steady. She rings a most indulgent curfew. Her cooking's like no other. Who is this paragon of virtue? Why EVERYBODY ELSE'S mother.

ends buckling,
chief cause of tire wear

Revolutionary three-rib tread design makes the difference!

Note this MC-70 tire print, showing three-rib tread design. Fewer ribs than in ordinary tires means more tread strength and rigidity... no buckling in the center of the tread under normal driving. Result: more rubber on the road, better grip, even wear, longer tread life.

Note how ordinary tread, weakened by 5 to 7 ribs, tends to buckle in the center. Result: tread wears unevenly, and wears out faster on the edges than in the center.

Dallas Senior High School News

MISS SEVENTEEN

On August 23, Miss Elfrida Hefft, a senior at Dallas, was chosen as Miss Seventeen by representatives from Lazarus store at Irem Temple in Wilkes-Barre. She was in competition with 25 other girls from Wyoming Valley.

As Miss Seventeen she was awarded a Back-to-School wardrobe, 1½ dozen red roses, a Toby Coburn Scholarship and she will be on the cover of the January issue of Seventeen magazine.

KEYETTE NEWS

The Keyettes are very proud of a member of the team, Elfrida Hefft, who was chosen as Miss Seventeen by Lazarus at the Irem Temple, August 23. Congratulations, Elfrida!

The Keyettes participated in the competition at Sayre on Labor Day. After competition they marched in the parade where they led the singing of "Sound-Off" and were answered by the Key Club and the Junior High Drill Team. This went over very well with the crowd.

We have finished our jackets which we wore for the first time at Sayre. They make our uniforms quite snappy. We would like to thank the girls for making their own jackets.

On the 9th of September we marched at Elmira, New York where we were in competition for a cash prize. We went on the bus with the Key Club. It was really fun.

SOPHOMORES

If our school should seem at all crowded it is due to the large number of sophomore students who have come to us from the Junior High. This large crowd makes up seven of the sixteen sections in school. We certainly welcome everyone in the sophomore class and we hope they will have a nice year at Dallas Senior High School.

CHEERLEADING

Our peppy cheerleaders, under the leadership of Nancy Elston and Judy Woolbert, have been practicing hard for our first football game on Saturday.

The squad consists of the two captains, Sandy Ambrose, Carol Dungey, Susie Dorrance, Peggy Dan, Georgia McCutcheon, Carol Spare, Marjorie Walp, and Glenda Williams.

Miss Emma Engler is the faculty sponsor. Keep up the fine work girls!

INTERVIEW WITH ELSBETH GERRITS

A very lovely new face has been added to the Senior Class. She is Elsbeth Gerrits, the foreign exchange student visiting us from Holland.

While attending school here, she will be the guest of Mr. and Mrs. Francis Ambrose and daughter, Sandy. Elsbeth was born in Groningen, Holland on December 28, 1942. Her father is a doctor of internal medicine and her mother is a laboratory technician. She has one brother, Wim, 17, who is in the 12th grade in Holland. Elsbeth has many interests which include

field hockey, tennis, skiing, reading, and photography. Besides doing all of these things she still finds time to travel. Some of the interesting places she has visited are Belgium, Germany, Luxembourg, Switzerland, Austria, France and Italy. Not being satisfied in just visiting there she has learned the languages of some of the countries. She speaks English and French very well, can get along in German, and of course speaks Dutch. Her ambition is to become an interpreter.

We all wish her the best of everything in pursuing her desired career. Elsbeth plans to stay in this area until June 30. After that perhaps more traveling. Who knows what lies in store for such an ambitious and delightful girl. Holland can be very proud of their charming representative. We certainly are.

Another local person who has been added to our faculty is Mr. Louis Palermo, a resident of Wilkes-Barre. Mr. Palermo attended Myers High and graduated from Bloomsburg State with a major in Science. Mr. Palermo, who will teach science subjects, is very much interested in football, baseball and basketball. He will act as assistant coach in football and wrestling.

Mr. Gerald Stinson was born in Wilkes-Barre and graduated from St. Nicholas High and King's College. He holds a major in Social Studies and a minor in English. His interests include baseball and basketball, both of which he participated in while attending college.
