Mother and Son See Historic Shrines
Mrs. Thomas E. Cease and son, Allan J., Franklin Street, have returned from St. Augustine and Marineland, Fla.

On the way down they stayed overnight at Raleigh, N. C., where they saw the State Capitol, and the birthplace of President Andrew Johnson. They then went to Charleston, S. C., for several days. While there they took a yacht trip to see Fort Sumter, where the first shot of the Civil War was fired. From Charleston, they went to Savannah, Ga., where they took a tour of the City by Yellow Cab.

In St. Augustine, they saw, among other points of interest, the oldest house in the United States, and the first school, many buildings built by the Spaniards in the 1500s, and drank from the Fountain of Youth. They also visited the Wax Museum.

On the return trip, they were guests of Mr. and Mrs. Charles T. Sutherland, and son Charles of Madison, N. C. The Sutherlands are owners of the Madison Throwing Company, the largest chain of throwing mills in the world. Charles Sutherland, Jr., left shortly after their visit to enter Pensacola Air Force Officers School in Florida. Mrs. Cease and Mrs. Sutherland have been friends since they attended Coughlin High School together.

SCHOOL NEWSPAPER
As soon as school started those chosen to work on the newspaper got to work. It was announced last spring that the newspaper would have a new advisor, Miss Marion Huttenstine. Through her efforts work on a better newspaper started. Editors were chosen before school closed in order to have some of the work completed. Those selected were: Editor-in-chief, Mary Ann Laskowski; Junior-editor, Linda Gosart; Business Manager, Jay Ruckler; Feature and Humor Editor, Helen Dugan; Boys Sports, Bob Grey; Girls Sports, Sharon Garver; News editor, Marilyn Woodling; Art Editor, Don Anesi, and Head Typist, Diana Sampson.

The staff met first week of school and discussed plans. First and foremost is that the paper needs a new name. We are running a contest and the name of the person submitting the winning title will be published in this column.

A meeting was called last week for all who would like to work on the staff. Everyone is anxious to make the newspaper more interesting for the student body and those associated with the school.

BAND TRIP
Every band member had the thrill of his life this Sunday marching in front of all those people at the percent ahead of last year.

Ernest is one of the basketball stars who made Westmoreland famous in high school history last year.

the other Back Mountain team, Dallas. I'm sure we will see you at the big game.

Football players must work as hard in school as they work on the field. They must have satisfactory marks in all subjects in order to get in the game. Each week Athletic Eligibility Cards are circulated and from their marks the boys know whether they will play in the game.

BANKING
Banking began this week. You parents know how important it is to get in to the habit of saving. Students are also learning this through the banking system provided by the school.

Students who are new at school can start banking by simply filling out a card. If your child isn't banking each week, make sure she starts soon.

Coin Card Collection Starts This Weekend
Saturday is the last day for filling of coin cards for support of Dallas Community Ambulance and Dr. Henry M. Laing Fire Company.

Representatives of the two organizations will start collections over the week end. The accumulated fund derived from the campaign is divided equally between the two organizations for current operating expenses and to aid to a sinking fund for eventual purchase of new equipment and apparatus.

Both organizations call attention to the fact that if residents have not filled their coin cards with quarters, a five dollar bill or a check tucked into the card envelope is equally acceptable.
