

Citizens Committee To Meet October 18

Citizens Committee for Better Schools, will meet October 18. The topic will be, "What does it take to be a successful College Applicant?" The program is under chairmanship of Dr. Irvin Jacobs, the first of two meetings on college preparation.

Misericordia To Offer Early Morning College Of The Air

College Misericordia has notified officials of Learning Resources Institute that it will offer the television course, The New Biology, for credit, beginning in the Fall 1961 semester. The course will be telecast by station WDAU-TV in Scranton, from 6:00 to 6:30 a.m., Mondays through Fridays, starting late in September. Sister Marianna, R.S.M., will be in charge of arrangements at the college.

The New Biology is the first course to be presented on the CBS educational series COLLEGE OF THE AIR. It will be carried by over 182 stations affiliated with the CBS Television Network as well as by many of the educational television stations across the nation.

University of Chicago, will be the national teacher of the course. He will have as guest lecturers a number of distinguished authorities in the biological sciences from other universities.

The course is planned to include the revolutionary research findings of the post-war years, which have contributed to a dramatic change in the conceptual framework of contemporary biological thought. Heavy emphasis will be placed on cellular metabolism, the integrative mechanisms of biological organisms, and the potential importance of biochemistry and biophysics to biology. An advisory committee of leading biology educators has consulted with Dr. Koppelman in developing the course. They have included the recommendations of professional organizations interested in biology.

The two-semester college course will consist of 160 thirty-minute lecture-demonstration sessions presented five days per week. During the Christmas and spring holidays, special guest lectures and review sessions will be presented in place of the regular class sessions. The holiday will be scheduled so as to coincide as nearly as possible with those of the participating colleges.

Professor Koppelman, who is thirty-eight years old, received his PhD in biochemistry from the University of Chicago in 1952, and has been a member of the biology department staff since 1948, doing both teaching and research. In June he was awarded the Quattrl prize by the University for excellence in undergraduate teaching.

Dr. Koppelman has said that the course will emphasize three important concepts: (1) the trend toward a biochemical approach to life, with emphasis on chemistry's relationship to the science of life; (2) the need for consideration of biological problems of tomorrow; and (3) the understanding of man's place in the scheme of things.

Learning Resources Institute, the sponsor of the course, is a nonprofit organization which, in the past, has administered the Continental Classroom courses. The previous courses, also offered for college credit, were in atomic age physics, modern chemistry, and contemporary mathematics. The Institute includes in its membership twelve leading national educational organizations and is supported by industrial and foundation grants. The donors underwriting production of The New Biology include the National Science Foundation and several leading corporations.

Mt. Zion

Mr. and Mrs. Richard Kitchen, of Sayre, recently visited his parents Mr. and Mrs. William Kitchen, Mt. Zion.

Miss Bertha Spencer, Rome, visited Mrs. Lord last week-end. Mr. and Mrs. Roy Thomas spent a few days visiting their daughter Mrs. Kenneth Jenkins at Bayville, N. J.

Mr. and Mrs. Donald Conklin, Princeton, N. J., and formerly of Mt. Zion have a new baby girl born Sept. 7. Mr. Conklin is a son of Mr. and Mrs. Kenneth Conklin. Sharon LaBar, daughter of Mrs. William LaBar, and Sharon Pool, daughter of Mr. and Mrs. G. H. Pool, both of Mt. Zion were among others who were recently awarded a Certificate of Educational Development at West Pittston school. The certificate reads that it is "in recognition of outstanding performance on the Spring 1961 National Educational Development tests. This award reflects credit both to the student and to the school."

Mr. and Mrs. Harold Harris Jr. and son Jeffrey Lynn Harris from Wilmington Delaware visited Mr. Harris's parents, last week-end Mr. and Mrs. Harold Harris of the Mt. Zion road.

Your correspondent preached three times last Sunday morning again, supplying the pulpit for Lynn Brown at Falls - Lake Winola - Mill City.

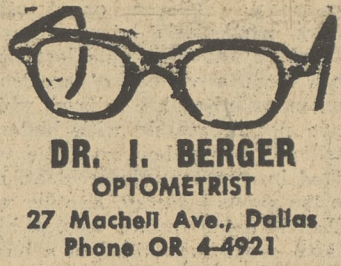

The grass at Dunmovin is not growing quite so fast now, but Tuffy the puppy still grows. He has such long legs and body that he can put both feet on my shoulders—when I bend over far enough so he can reach! The cycle is swinging around to the Fall and Catherine has been conditioning her plants for indoor life. And Ruth conditions the house to receive them!

Carrier Likes New Addressing System

Warren Johnson of Beaumont, rural carrier for the last eleven years of the Harveys Lake route, called on Thursday to say that he liked the new method of addressing the papers, but that he was in receipt of two Shavertown papers, mixed with his bundle.

Warren has a fifty-mile route which takes him around Harveys Lake, out to Vernon, and almost to Center Moreland before circling back to the Harveys Lake post-office. It takes him four hours in good weather to service the 750 boxes, far longer during the winter months.

Dallas sub-district W.S.C.S. meeting was held at Idetown, Wednesday evening. Officers training classes were held. Sixty-two members representing 12 societies were present. Refreshments were served.

Lehman Grange met Thursday evening at the home of Mr. and Mrs. Alfred Bronson, Sweet Valley. Discussion on the sale of the grange hall was held. Present were: Addie Payne, Josie Hummel, Faye Brown, Lillian Hildebrandt, Mr. and Mrs. Russell Ide, Linda Rogowski, and Mr. and Mrs. Fredwintner.

Mr. and Mrs. Hugh Keating and family who recently sold their home in Nanticoke, are now making their home at Lake Silkworth.

Stephen Tyrrell is recuperating at his home after being a patient at Gelsinger Hospital.

Happy Birthday to Claude Miner and Conrad Winter who celebrate their birthdays Oct. 1

Lake-Lehman High School

By **MARY ANN LASKOWSKI**

BIG WEEKEND
September 28, 29, and 30 are three big days to close the first month of school.

This evening the seniors at Lehman Building are giving a free dance for the students of our area schools. Music will be provided by Rythum Aces. This dance is being given in appreciation of all the activities that all the students have attended. Through their attendance the senior class has gotten enough money for the Washington trip.

Each senior will be allowed to bring a guest if he so desires. It is hoped that the students enjoy themselves at the "Kick-off Hop".

The money the students save from admission will probably be spent tomorrow at the Bloomsburg Fair. The band, along with many students from the school, will have a day of fun and relaxation as they wander around the fair grounds.

Numerous other units will be marching in the parade around the race track, along with our band.

Everyone will surely be exhausted after the day of walking, but it is one day to which most of the students look forward.

Saturday afternoon will end the big fling with a football game at Northwest.

It is good that every weekend isn't filled with as many activities as this one.

GYM SUITS
Our new gym teacher at the Lehman Building, Mrs. Reynolds, has set some new standards. Seventh, eighth, and ninth grade girls are asked to purchase the official gym uniform of black and gold, which will have an identification number on the collar.

Senior high girls are asked to wear black shorts and white blouses as their uniforms. This will bring a more orderly appearance to the gym classes.

CLASS NEWS
The seniors are in pictures this week. On Monday, Tuesday and Wednesday our school photographer took pictures for the yearbook. Class rings,—are what the Juniors

NATIONWIDE

can't get off their minds. They don't have to wait much longer. Monday they saw all the color of stones they can choose. Measurements of their fingers were taken. Time will fly until that last week before the rings arrive. Be patient, Juniors!

Two Local Men Attend Insurance Convention

Among 600 members of the Veterans Association of Metropolitan Life Insurance Company from central Pennsylvania, meeting in Reading September 21, were William E. Gross Jr. of 100 Franklin St., Dallas, and Llewellyn S. Jones, Dallas RD 3. Mr. Gross is manager of the Kingston office. Mr. Jones is retired from the Pittston office.

Tuesday at alternating schools. October meeting will be held at Lake Building.

JUNIOR VARSITY FOOTBALL
On September 16, the Junior Varsity Football Squad played Forty-Fort J-V, winning 13-0.

On October 2, the team meets Hanover at 4:15 p.m.
Games scheduled for the J. V. team will be printed in this column.

THE MOST IMPORTANT ADVANCE IN TIRE DESIGN IN 17 YEARS!
new MCCREARY MC-70
ends buckling, chief cause of tire wear
Revolutionary three-rib tread design makes the difference!

Note this MC-70 tire print, showing three-rib tread design. Fewer ribs than in ordinary tires means more tread strength and rigidity... no buckling in the center of the tread under normal driving. Result: more rubber on the road, better grip, even wear, longer tread life.

Note how ordinary tread, weakened by 5 to 7 ribs, tends to buckle in the center. Result: tread wears unevenly, and wears out faster on the edges than in the center.
