### Loss Of 4 Fingers Does Not Cramp Danny's Style

There's no keeping a good man down. Here's Danny Moss, son of Werner Moss, and grandson of Mr. and Mrs. Myron Moss down below Sweet Valley. Does getting his four fingers shot off last year in bird hunting season in Florida discourage him from playing baseball and football?

Not much. He was in there pitching last summer, after the soreness was pretty much gone from his left hand, and this year, in football at Clewiston, Florida, elementary school, eleven year old Danny, now in the sixth grade, got himself picked for the All-Star Team.

Guess what Danny wanted for Christmas last year after he had blown off his fingers when his gun accidentally discharged? You guessed it. A shotgun of his own.

### To Dedicate New Chair Ski Lift At Elk Mountain December 16th

ELK MOUNTAIN, Susquehanna County — Pennsylvania skiing goes big time December 16 with the dedication of a new 3,500-foot-long double chairlift at Elk Mountain Ski Center.

The new lift will be capable of transporting 800 skiers an hour to the summit of the state's highest "skiable" mountain. Construction of the new lift has been hailed as one of the most significant contributions to the development of the Keystone State's wintersports industry.

Elk Mountain is located in Susquehanna County, seven miles east of the Glenwood exit of the new Penn-Can Highway (Interstate Route 81). It is within three hours driving distance of some 25 million people.

"Up to now," commented Martin J. Wilburger, Elk Mountain president, "Pennsylvania skiing has generally been regarded as something for those in the novice class. There wasn't much to challenge the experts."

Completion of the Elk Mountain chairlift changes this picture he asserted.

From the plateau atop the 2,693-foot mountain, five trails branch out in all directions. They vary in length from a mile and a quarter to three-quarters of a mile. These trails are wide — 65 to 150 feet — and they are well groomed and seeded.

Elk Mountain is steep enough to provide more "expert" class skiing than can be found at any other ski area in the state. The hill has a vertical drop of 1000 feet — the greatest such drop listed by a Pennsylvania ski facility.

In addition to the chairlift, the Northeastern Pennsylvania ski center operates a 2200-foot-long T-Bar lift which has been popular with skiers for the past two seasons.

Other new facilities at the mountain include a modern A-frame base lodge near the T-Bar and Chairlift terminals, improved access roads and parking for 800 cars.

A snowmaking system, capable of piling up four inches of artificial snow every hour, has been extended and improved to provide insurance against snowless days which once

### Mrs. Davis Heads Westmoreland PTA

Westmoreland PTA elected and installed officers last Tuesday evening. Mrs. Ben Davis, president; Mrs. Curtis Edwards, vice president; Mrs. Robert Hess, treasurer; and Mrs. Tex Wilson, secretary, were installed by Enoch Thomas, president of Back Mountain Area PTA. Nominations were presented by Mrs. James Besoeker Jr.

John Mulhern, principal of the building, introduced J. Warren Yarnal, from the Children's Service Center, who spoke on "Rights of Children and Duties of Parents." PTA members asked questions during a discussion period carried out by candle-light during a failure of power.

Mr. Mulhern thanked Dallas Township PTA for a \$100 donation, and Foremost Dairies for a contribution of ice cream to the refreshment committee. Fourth and fifth grade mothers served.

### Carl Montross Joins Fraternity At College

Carl Montross, Jr., Noxen, has pledged Phi Kappa Tau national social fraternity on the campus of New Mexico State University.

He is the son of Mr. and Mrs. Carl E. Montross, Route 1, Noxen. A 1960 graduate of Lake-Lehman High School, he participated in the band, wrestling team, was on the year book staff, and was president of both his junior and senior class.

He is now a sophomore student at New Mexico State University where he is majoring in chemical engineering.

Montross will remain a pledge for one semester before he will be eligible for active status in Phi Kappa Tau national fraternity.

plagued Pennsylvania skiing. Asked if the snowmaking equipment would be installed to the top of the mountain, Mr. Wilburger had a ready answer:

"Have you ever been at Elk Mountain? There's snow on the top until Memorial Day. The only trouble has been that you couldn't get up there to ski. Now — with the new chairlift — it's a different story."

### Banner Attendance At Co-Ed "Y" Fun Night Draws 130 Boys And Girls

Over 130 boys and girls from the Back Mountain participated in the Coed "Fun Night" at the Wilkes-Barre Central YMCA Friday evening.

"Fun Nights," sponsored by the Back Mountain Branch YMCA, are held the first Friday of every month during the school year. Participants enjoy swimming, bowling, billiards, table tennis and

some gym activities. Interest has steadily increased. Last Friday the greatest number made the trip to the Central "Y." The increasing number appears an indication of the need for an indoor swimming pool in the Back Mountain Area. Transportation is by chartered buses. The next "Fun Night" will be held Friday, January 4.
