

Luzerne Merchants Offer One-Stop Shopping

Luzerne Offers One-Stop Shopping

With parking a major problem even at the large shopping centers, Luzerne can well be proud of the lot that serves its shopping area. With access to the rear of Main Street, the Luzerne Ban parking lot accommodates a large amount of traffic, daily. Beside, the lot, there is easy parking available on Main Street.

From the Back Mountain, Luzerne is one of the easiest shopping centers to reach. The merchants are united to give the utmost in personal service and for years have developed a personal association with their customers that is difficult to find elsewhere.

Shopping centers, boasting Discount Houses are nothing new so far as Luzerne is concerned. Discount prices have long been a part of the merchandising policy in most of the stores.

From now until Christmas the stores will be open until nine each night. It is enlightening to turn left as you drive into Kingston or Wilkes-Barre and compare the values offered by one of the oldest and most thriving shopping centers in the area.
