Club Manager Is Resigning

Mrs. Gwen Brace To Leave Shortly

Irem Country Club will not be the same without Mrs. Gwen Brace as manager. Mrs. Brace's resignation was regretfully accepted by the board at the January meeting.

Mrs. Brace has been at the Country Club for fifteen years, for the past two years as manager, succeeding her husband Richard, who was killed when a ladder with which he was making repairs, came in contact with a high power line at the Country Club.

Stepping into Richard's shoes as manager was reasonably simple for Mrs. Brace. Having lived at the Club for thirteen years, she knew how things had to go in peak seasons and in slack times; when to restock linens and china, when to authorize painting and repair work Lehman High Scchool, placed first during the off seasons.
