Peter Clark To Oppose Flack For The Senate

Poad, Fleming and Williams Also Seeking GOP Nominations

The Back Mountain area may be the cockpit of the Republican Primary election in the Sixth Legislative and Twentieth Senatorial Districts.

This was the indication this week with the announcement that Peter D. Clark, Dallas, former County Treasurer, Sixth District and County Republican chairman, will oppose Harold Flack, Goss Manor, for State Senator.

Also circulating petitions as a candidate for the same office is Theodore Poad, Shavertown, Kingston Township Republican leader and former Kingston Towship Tax

Senator Flack is completing his second term in the State Senate having defeated Senator T. Newell Wood of Harveys Lake for the seat eight years ago. Prior to election six terms or twelve years in the

his independence; not always voting with his party as exemplified in his votes on the gas tax bill and his stand on the strip mine

Clark who was Republican Sixth District Chairman from 1938 to County Treasurer 1944 to '48, and County Republican Chairman from 1956 to '59, feels that the Luzerne County Republican organization will be strengthened by a man who stays with his party and opposes Democratic wastes and extravagance in State Government. Constantly increasing taxation, he believes, is the biggest problem before the electorate. Earlier in his career Mr. Clark was a Dallas Borough Councilman.

Other candidates who will focus attention on the Back Mountain area during the Primaries are Robert Fleming, Dallas attorney and Borough Solicitor, who will aspire for the Republican nomination for a seat in the State Legislature.

Son of the late Dr. J. C. Flem in Wilkes-Barre and a former "Man of Junior Chan of Commerce. He is a nephew of the late Robert Edgerton, CPA, former head of United Bakers.

Also in the race for the Legislature is David Blight, Luzerne automobile tire distributor.

C. Bennett "Bud" Williams, Harris Hill Road, Trucksville, has petitions in circulation for the nominscheduled for the Country Club on closely identified with the Republic-
