### Plymouth Hits Ditch, Stone Culvert In Fog

Confused by fog late Saturday night, Edwin King, 24, Dallas R.D. 2, drove his car into a ditch and wrecked it against a stone culvert near the John Sheehan home on Huntsville Road. He and his companion, a 20 year old Kingston youth were admitted to Nesbitt Hospital, suffering from extensive lacerations of the face. King has been discharged.

Staffing Dallas Community Ambulance were Al and Don Shaffer, and John Sheehan.

Chief Russell Honeywell was assisted by Patrolman Ray Titus. Clyde Birth towed the 1959 Plymouth, a total wreck.

One problem that jet planes have given us is that there are no longer any distant relatives.

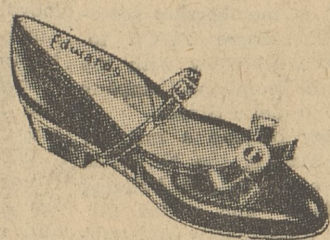

"The great American pastime is to complain about the large corporate profits of U.S. industry—even though profits have been at a stand-still and their relative position has dropped materially."

### DISABILITY Income Insurance

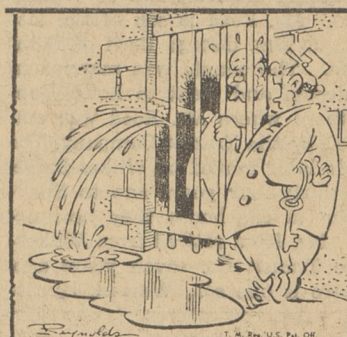

Some people buy insurance backwards. They insure their homes, cars, furniture. They forget to insure the one thing that makes the ownership of that property possible—INCOME.

Disability income insurance is almost as basic a need as three meals a day. Because it takes INCOME to BUY those meals—and the income must be there even when the head of the family is very sick or badly hurt and can't earn. Without obligation, may we show you how important Disability Income Insurance can be in guarding your family's security?
