ANNOUNCEMENT

VICTOR CAPPUCCI, JR.

TO THE DEMOCRATS OF WYOMING COUNTY

I hereby announce my candidacy for the office of Chairman of your party for which official you will vote at the Primary Election on Tuesday, May 15, 1962. In so doing, I believe the following facts may be of help in making your selection:

I was born and raised in Wyoming County, and am a graduate of Tunkhannock High School, in which the DeKalb Award and the Vocational Agricultural Award were won as an outstanding vocational Agriculture pupil.

As a trained parliamentarian, I served as chairman of the Future Farmers of America Parliamentary Procedure team which placed first in competition with 77 schools from 14 northeastern Pennsylvania counties. I was selected as the outstanding Keystone Farmer (State Star Farmer) out of more than 10,000 high school pupils who were studying vocational agriculture in Pennsylvania schools.

Subsequently I was selected vice-president of the Pennsylvania Association FFA, and was selected as the outstanding FFA member of the 12-state North Atlantic region. I was elected to the American Farmer Degree (one out of each 1,000 boys in Pennsylvania) and later was named as one of the five national officers to lead the 370,000 FFA members of the United States for one year.

I am a member of the Grange (7th degree), president of the Adult Education Class of Tunkhannock High School, a past director of Meshoppen Local of the GLF, and was 1960 organizational director of the Wyoming County Farmers' Association. (Incidentally, I am a "Kentucky Colonel," having been so commissioned by Governor A. B. Chandler.)

In most of one year traveling throughout the United States as a national FFA officer, I was privileged to meet and talk with many notable statesmen, including former President Dwight D. Eisenhower, Speaker Sam Rayburn of the House of Representatives, Eleanor Roosevelt, John F. Kennedy, Richard Nixon, and others, and many of the top corporation officials such as Harvey Firestone, Ed Foss Wilson, former national Secretary of Education and Welfare; and numerous other notable persons. I also had the privilege of representing Penn-

sylvania's organized youth on Senator Symington's staff at the national convention in which John F. Kennedy was nominated.

Married to the former Miss Mildred Clark of Monroe Township, we are the parents of the following children: Victoria, 5; Cynthia, 4; Timothy, 3; and Jeffrey, who arrived on March 29, 1962.

Our family owns and operates a dairy farm of 450 acres and 100 head of Holstein cattle and a full line of equipment. Our farm is free of debt, and during the past twelve months had led the county DHIA in production.

WHY AM I SEEKING OUR PARTY CHAIRMANSHIP?

Under our two-party system I believe every young man should participate in the activities of that system, through which our government must function.

Whether his interests are of the majority or the minority, I believe it is his duty to help develop a strong party whose objective is GOOD government, not marred by factionalism or controlled by group interests.

I recognize that under that system patronage is an accepted factor of organization politics, and, as such, party members have certain preferential rights in employment. This has become an established custom within both parties.

But I also believe that such preference carries with it the obligation of loyalty and honesty, whether performance be directed toward party strength, financial dispositions, or giving an honest day's work. This is no more, nor less, than the duty of good citizenship.

I believe in our area to the extent that all practical effort should be directed toward an educational and training program that will assist in keeping our young people in the community; this possibly to be subsidized by more state aid for such training on the local level.

Chiefly our county income has been from agriculture, but this condition is changing. With greater emphasis being placed today upon recreation, tourism, parks and industrial development, our future outlook, too, must change.

I believe that within the next two decades we must face up to a revolution in our way of living in northeastern Pennsylvania. The young men and women of today will make that future . . . right here at home, where we hope to spend the best part of our productive lives. And the success of that future will depend to a great extent upon honest, aggressive, unselfish government.

Because, under our system, politics is the way of such achievement . . . "the means toward the end" . . . I believe every young man and woman of Wyoming County should become affiliated in one way or another with the political activities of this community, not as a replacement for, but an aide and assistant of the older party members. We need their experience; they need our energy. If you make me your chairman, I will consider it both a privilege and an obligation.

Respectfully,
 VICTOR CAPPUCCI, JR.
