

He asked Mr. Lewis if he would send some of his men down to his house and put up a solid high board fence between him and his neighbor, as Mrs. Morton whom he called Nervie (Minerva) was always watching his movements and he figured that a high board fence would solve the difficulty.

So the fence was built on the line between the houses 16 feet high and braced for stability. It stood for years but was finally blown down. Finally he called in one of his close friends and told him that he was about to die, and would like his dog to be given to a neighbor, and that his rifle was not to be used or shown to anyone but to be thrown in the deepest part of the lake.

It might be possible that the old rifle will be recovered some day by the skin-divers who are very active these summer days. It would really be news!

Well after Mr. Lewis obtained title to the woodland up Bowmans Creek, the Lehigh Valley Rail Road came through Dallas, Harvey's Lake, Noxen and Stull and on to Dushore.

There was a train from Alderson, known as the log train. Every morning it would leave for the day and return in the afternoon with tons of logs that were rolled off the cars and into lake near saw mill. This train left early one foggy morning. Soon after the train began the day's trip, the engineer hit, what he thought was a cow or deer, but it was Reuben Parks, who it is thought put himself in front of the train deliberately or at least it would seem to be so.

It is said that he never wore glasses and was known to be one of the best woodsmen of his day. There are not many living today that knew him personally and I have sought to learn where he is buried but to no avail.

He was a learned man, not book learning, but wood learning like the mountain men of the west. Garfield Jackson

Overheated Stove-Pipe Causes Blaze At Noxen

Fire from an overheated stove-pipe badly damaged furniture and clothing in a bedroom at the Ronald Hopper home in Noxen last Tuesday night. Breaking out at 9:30, it was fought by Mr. Hopper with a hose attached in the kitchen until arrival of Noxen and Harveys Lake volunteers, who speedily extinguished the blaze, confining it to the one room. It was one of those very cold nights, unseasonable for May.

The Hopper have two small children, 5 and 3, not in the bedroom at the time.

Mrs. Newman Asks Dolls For Auction

Mrs. Arthur Newman, now busily dressing dolls for the Library Auction, asks that women who have antique dolls which they want to donate to the auction, get them to her within the next ten days, so that she will have some idea of what clothing will have to be made, and what needed repairs done.

The Belle of the Ball, Ruth Miriam Library, is dressed and ready to go on exhibition, a very chic model in rose and white, a Paisley lady in the mode of the past century. Mrs. Newman still needs nylon stockings for stuffing of bed-toys.

THOUGHT FOR TODAY

With all the laws and government regulations a fellow is downright dumb to steal when there are so many legal ways to cheat.

Woolbert Is Improved

Addison Woolbert, Jr., is making progress at Moses Taylor Hospital in Scranton where he has been a patient since suffering a heart attack some weeks ago. He is still, however, unable to sit up and will be in the hospital for an indefinite period. Letters especially will be appreciated.
