JANET DYMOND GRADUATES

Janet Howell, Mt. Zion entered State Teachers College at Stroudsburg in the Fall of 1950. Nothing unusual about that! As a little girl she would no sooner land home from school than she would launch into imaginative play school. Not surprising that she looked toward teaching as a profession.

Now after twelve years, one fine husband and five lively children, she was graduated Sunday night from College Misericordia with a B.S. in elementary education.

It was in 1953 that Janet Howell and Richard Dymond were married. Dick is an insurance salesman for Metropolitan Life. In the summer of 1954 when Rickie was a baby Janet earned 6 credits toward the 36 needed for her degree, by attending six weeks summer school. Then by attending Saturday and night classes from 1958 on, plus 8 weeks as student teacher from January 30 to the end of March this year the balance of her credits for graduation were earned.

Janet will probably be doing teaching in the Fall either as substitute or regular.

Not all of Janet Dymond's knowledge of child psychology has come from books. Those five children are in themselves a five-chaptered text book! Two of them are twins. All are lively and loveable. Besides her own family Janet has charge of a group of children in the Mt. Zion Sunday School. Her capable husband is an ideal father and a true partner in the business of bringing up the family and has every reason to be proud of his wife's achievement in earning her degree.

Mr. and Mrs. Roger Sharpe of Muncy are parents of a baby girl, born Friday morning May 25. Name is Cynthia Lee, weighed 8 pounds 4 ounces. Mrs. Sharpe is the former Noreen VanTuyle, daughter of Mr. and Mrs. Leon VanTuyle of Mt. Zion.

Last Sunday morning Pastor William Reid held the annual service of dedication of soil and seed. This was known as Rural Life Sunday and brings together the faith in the creator and the creation in a wonderful way. This earth is holy ground and should be tilled and its resources conserved as being the very property of God, with men as stewards of its uses.

For the first time since I was appointed chaplain at Valley Crest Home last January, I visited the Ransom Home. Many of the former Ransom residents now living at Valley Crest are always asking me if I have ever been back to Ransom to visit. Now I can tell them and bring them the regards of their friends in Lackawanna County. I had a wonderful time visiting.

Kings Crusaders Class of Mt. Zion Sunday School met Wednesday

The Committee was composed of Clara Gonsler — who read a poem "Ma's Tools", and Marie LaBar, who read variations of The Golden Rule. Thelma George was the third member of the committee. Along with playful games the girls made plans for the future. Clara Gonsler and Thelma George were named chairmen for the bake sale which was held after the MYP spaghetti supper on Saturday night. It was planned to hold a White Elephant sale on June 27. The girls sent out a call to bring in white elephants, things some people don't want but which some other people might want, for a price. Then they sent the word around to begin to think about their July picnic. Jean Hronich and Catherine Gilbert were named to pick out a play for September. Also the ladies were reminded to bake cookies for use at the Vacation Bible School, and also were told that one more teacher for the school is needed. Present Jean Hronich, Lena Hastie, Emma Miles, Marion Thomas, Audrey Earl (vice president was the chair), Ida Howell, Catherine Gilbert, Clara Gonsler, Marie LaBar, and Thelma George.

How's anyone going to get any work done while road building is going on in front of the house! Amazing that extensive things can be done with power chain saws, bulldozers with shovels in front to push trees to fall where the saw-man wants them to fall and then to drag or push them out of the way. Gasoline, diesel fuel and steel—a great combination.
