Boy Scout In Fair Condition Following Burns

Ronnie Richards Is Caught When His Sleeping Bag Ignites

A Truckville Boy Scout, Ronnie Richards, 12, son of Mr. and Mrs. John Richards, Harris Hill Road, is in fair condition at Nesbitt Hospital with burns on his left side, arm and elbow suffered early Sunday morning when his sleeping bag caught fire while he was camping out with a fellow Scout, Wayne Bessecker, 12, son of Mr. and Mrs. Delbert Bessecker.

He is being treated by Dr. Charles Perkins of Truckville. As they had done many nights during the past three years, the boys were camping out in a lean-to about 100 feet from the Bessecker home. They had a small fire for cheerfulness and to keep them warm. Both boys were asleep back to back when, about 1:30, Ronnie was awakened by fire in his sleeping bag.

He crawled out, rolled on the ground to extinguish the flames but, unable to do so, ran through the windy night to the Bessecker home where Mrs. Bessecker attempted to smother the flames in a carpet and Mr. Bessecker tore the smoldering clothing from his body.

They called Mr. and Mrs. Richards who immediately took Ronnie to Nesbitt Hospital where they have remained with him since. Both boys are students at Truckville Grade School.

Later this season Salci will try for the welterweight championship of Pennsylvania against an opponent yet to be named.

Salci has lost only two bouts in his last thirty-five.

MRS. JAY A. YOUNG

Dallas Mother Of 12 Children Dies Suddenly

Mrs. Jay A. Young Was Accomplished Pianist, Homemaker

The heart of the community was touched Friday afternoon with the knowledge that Mrs. Anne Elizabeth Young, 41, mother of twelve children, had passed away that afternoon after a brief illness at Mercy Hospital.

Apparently in excellent health and with no previous medical history as a warning, Mrs. Young, the wife of Dr. Jay Young chairman of the Chemistry Department of Kings College, was stricken Thursday evening with a massive cerebral hemorrhage at her home 84 Norton Avenue, Dallas. She was taken immediately to the hospital in Dallas Community ambulance.

A devoted mother, homemaker and wife, Mrs. Young was born August 17, 1920 at LaFontaine, Indiana, the daughter of Alice Troyer Nelf and the late Clarence Nelf.

She attended the grade schools near LaFontaine, and, after High School, studied two years at Manchester College, North Manchester, Indiana, until transferring to Ball State Teachers College at Muncie.

She was an accomplished musician, and, had she continued her musical education, had the potential of becoming a concert pianist.

At the end of her Junior year, however, she married her childhood sweetheart on June 29, 1942, just 20 years from the date of her death. Their mothers had been close friends, and the young couple had known each other and played to-

Plymouth Boy Lacerated In Two-Car Crash

Driver Arrested For Strewing Beer Bottles Along State Highway

A Plymouth boy received painful lacerations of the face, and two automobiles were completely demolished Sunday night at 9:30 when they collided head-on in front of the home of Chief of Police Byron Kester of Orange.

Edward Atwell, 15 and his mother, Grace, passengers in a car driven by Edward Atwell, Sr., 49, 337 Shonk Street, Plymouth, were taken to Nesbitt Hospital in the Franklin-Northmoreland Ambulance by Stacy Schoonover, Garry Storey and Carl Besteder.

Mrs. Atwell, who had injuries to the leg, was discharged but her son Edward was admitted. Thirteen sutures were required to close his facial lacerations.

The accident occurred when Albert Balavage, 49, Tunkhannock RD 5, driving toward Centermoreland, accompanied by his wife, Anne, 31, and a companion Howard Goble, 162 Warren Street, Tunkhannock, drove his 1954 Ford sedan to the far left of the center line crushing the Atwell machine against the stone wall in front of the Kester home.

A passing Centermoreland motorist took Mrs. Balavage, who was suffering from a badly cut lip, to Nesbitt Hospital where she was treated and discharged.

Chief Kester said he was about to retire, when he heard a noise that "sounded like my son's house had exploded." Then he heard moaning and screaming.

Investigating, he found Balavage "obviously under the influence of liquor" and had him taken by his deputies, Buell Kester and Paul Mahler for examination before Dr. Harry Gallagher of Dallas who discharged him without certification of intoxication.

During his investigation, Chief Kester found a number of beer and soda bottles in the Balavage machine.

When Balavage returned from the physician's office, he tossed the bottles along the highway.

Chief Kester has obtained a warrant for his arrest on a charge of littering the highway which can carry as much as a \$100 fine.

Steal Spare Wheel

A thief entered the garage of Hugh Gebhart, Sutton Road, Franklin Township, Saturday night, and stole a grey wheel and U.S. Royal tire from the truck of his 1958 Dodge. The garage was unlocked. Chief Byron Kester is investigating.

to the 52 agencies of the Fund.

Seated, left to right, Mrs. Stanford L. Weiss, Division Chairman; Mrs. Mitchell Jenkins, Division Vice Chairman; Mrs. Frank Townsend, Area Chairman; Mrs. Marvin D. Judd, Division Vice Chairman.

THE HIGHEST AVERAGE a student can attain at Dickinson College has been achieved for the third straight year by Thomas R. Stretton Jr., of Clark Summit, and John R. McClelland of Haddon Heights, N. J. Sophisters receive full-tuition scholarships of \$1,150. Both boys have straight 4 point averages since entering college three years ago. They have accomplished a "rarity" according to Prof. William Benson, registrar, in maintaining the highest average over so long a period.

Lands Nice Fish At Harveys Lake

Those who doubt that Harveys Lake still has any large fish would have had to change their thinking Saturday night when Peter Coach of Kingston pulled in a 28-inch, 10 1/2-pound Walleye Pike just as he was bringing his boat into Link's Dock at 10 o'clock.

Mr. Coach was pulling in his line for the night when the big fish struck, so there must be some big ones still left right off shore in front of Johnny Link's Tavern.

Mr. Coach was using flat fish as bait.

Let's Bake A Cake

There is still time to bake a cake for the Library Auction, or make a batch of fudge, or a pan of sticky buns. There is never enough homemade candy, or enough baked things. The demand is inexhaustible, the supply totally inadequate.
