Mt. Zion

Sunday was my third week preaching at Larksville and Plymouth while the pastor is on vacation. The people of both churches were most cordial. I believe this is the third year I have supplied for them. This time my family drove down to Plymouth to the 11 o'clock service and then we all went out to dinner.

The road men have begun digging narrow drainage ditches along the road at its end of it. They lay cinder block tile in them. The little digging machine did very nicely for a while but then a ledge of rock was encountered which had to be blasted out.

BIRD SONG
 We wondered about how our song bird population would be affected by the removal of several trees and shrubs along this end of our road. It is with pleasure that I report birds coming as usual to the kitchen window sill feeder. The gorgeous cardinals have brought their adolescent children to the feeder to show them how to eat sunflower seeds and peanut butter. So there's more generations of those welcome birds growing up with us. Further more, this season we have been seeing and hearing more towhees than ever. This is said to be a ground-feeding bird. But one day we were startled with joy to see this splendid bird on our feeder eating fearlessly of our contributions. He has come again and again. We love his whistle-song.

Our family were dinner guests at the District Parsonage in Kingston with Rev. and Mrs. Leon Bouton. Present also was the little girl, Mary Caroline Wilson, daughter of Mr. and Mrs. Douglas Wilson. Mrs. Wilson, the daughter of the Boutons was in Nesbitt Hospital where a son, Douglas, Jr., was born on Tuesday night. Little Cary Caroline (about the age of Caroline Kennedy) insisted Douglas was "my baby," and seemed pleased about it all. Also Rev. David Bouton and wife Janet were there.

Mrs. Lucy Howell reports that she has been laid up for over a week with lumbago. It is unusual for Lucy to be laid up. She is the active type, and it is hoped she will not
