FURNITURE BUYING - Before you rush out to buy new furnishings for your house, take time for a complete tour of the furniture stores, suggest Penn State extension home management specialists. There is more to choose from than ever before, and more furniture that does double duty in a variety of ways. Today's furniture comes in many new materials and finishes, and you'll find styles available in many price and quality levels. Looking at displays of new furniture can help you decide the style or styles you wish to live with.

THE NURSES- If anyone had fancy. They built a big house on his doubts that a hospital is a dismal place he must have been convinced after watching the premiere show of "The Nurses."

Zina Bethume who plays the role of the student nurse is neither talented or beautiful. Her one big emotional scene of the evening was unconvincing and overacted.

Unless there is a big change it is hard to see how this show will make the grade especially against "Dr. Kildare" which gets a half-hour

### **FARM & HOME**

EITHER BALED OR WAFER-ED - Dairy cows like their hay either baled or wafered and it makes little difference which, says B. S. Horne, Penn State agricultural engineering extension specialist. This was one conclusion from a study made at a midwestern university.

FALL FISHING - Often the best catches are made in the fall. There's no closed season on bass or bluegill fishing in farm ponds. New regulations permit the resident owner, his family, his employees and his tenants to fish for bass and bluegills the year-round, according to Bob Wingard, Penn State wildlife extension specialist.

KEEP APPLE QUALITY -Harvesting apples at the right stage of maturity does more to lengthen their storage life and prevent scale than artificial aids, says Carl S. Bittner, Penn State extension pomologist. Quality and appearance are also influenced by color of fruit, condition of trees, and kinds of containers used for storage.
