

Dallas Senior High News

by
GLORIA DOLBEAR
JUDITH GROSS

Henry George visited Dallas Senior High Tuesday and addressed all interested seniors and juniors on college admissions, especially those of Bloomsburg State Teachers College where he is a professor of culture.

Mr. George spoke on the steps necessary in entering college and urged those interested to apply as soon as possible. His talk was followed by a question and answer period in which he answered any questions students had pertaining to college.

The theme of the Luzerne County Institute last week was "Exploring New Ideas in Curriculum." We're happy to report that two of our teachers were chairmen of their groups. Mr. George McCutcheon was chairman of the Guidance and Miss A. Jennie Hill, chairman of Nurses Discussion.

In case you are unaware, Dr. Mellman, Superintendent, issued on Tuesday, concerning Civil Defense plans for public schools. These are the definite programs of action.

Plan I—Two or more hours warn-

ing time: All children will be excused and instructed to go to their homes. Children living beyond 1 1/2 miles will be returned by school buses. School personnel will cooperate with Civil Defense authorities in preparing the buildings for immediate use as hospitals and/or care centers.

Plan II—Less than two hours and more than thirty minutes warning time: Children living within one and one-half miles will be excused and instructed to go to their homes. All children remaining in school will be assigned to shelter areas in the school. Provision will be made for a forty-eight hour period of survival.

Plan III—Less than 30 minutes warning time: All children will be assigned to shelter areas in the school.

Receipt of the Week

"Tested and Toasted" recipes will appear in this column each week. If you have any favorite recipe, please see your editors. Mrs. Mary Kershner, our Home Economics Teacher, submitted the following recipe, which her nutrition class tested, tasted, and enjoyed—and so will you.

CANDIED APPLES

15 medium size red apples
15 wooden skewers
3 cups sugar
1/2 cup light corn syrup
1/2 cup water
1 or 2 drops oil of cinnamon
1 tsp. red food coloring
Wash and dry apples; remove stems. Insert skewers in stem end of apples. Combine sugar, syrup and water in heavy deep saucepan. Cook over medium heat, stirring constantly until mixture boils. Then cook, without stirring, to soft crack stage (280degree F) or until a small amount separates into threads which are hard but not brittle when tested in very cold water. Remove from heat; add flavoring and coloring, and stir only enough to mix. Hold each apple by skewer end and quickly twirl in syrup, tilting pan to cover apple with syrup. Allow excess syrup to drip off and place on lightly buttered baking sheet to cool.

UNITED NATIONS SPEAKER

"Our wholehearted support of the United Nations in its tremendous task of endeavoring to maintain peace in the world is most urgently needed now of all times," stated Attorney Joseph H. Savitz, Wilkes-Barre, in speaking to the student body, faculty, and guests assembled in the Dallas Senior High school on Wednesday of last week.

Attorney Savitz, who is a past president, and presently a director of the United Nations Association of Wyoming valley, has been engaged in a speaking tour of schools in Wyoming Valley, and is earnestly desirous of informing students and people everywhere of the increasing vital roles of United Nations in its true function as a peace-making instrument for the world. He outlined the various component bodies of the United Nations which includes the Security Council, General Assembly, the Secretariat, the World Court, UNESCO, and other agencies of this great organization.

The attorney delved further into our present crisis with Cuba, its potential dangers in creating thermonuclear war which would have the effect in horrible aftermath of a Phrric victory.

Opening exercises were in charge of Robert Letts, member of the Senior Class. The speaker was introduced by Mr. Donald J. Evans, faculty member of the Social Studies Department. Several orchestra selections were played under direction of the high school music and band director, Mr. Lester R. Lewis. Guests present were Miss Francis Dorrance, Dr. John H. Doane, Attorney Savitz' wife and sister, Mrs. Sam Weinstock.

Pupils Of Louie Ayre Presented In Recital

The following pupils of Mrs. Louie W. Ayre were presented in recital, Friday evening, in St. Clement's Parish House, followed by a Parent-Teacher Meeting: Mary Miller, Bonnie Baird, Connie Jenkins, Suzanne Stouffer, Cathy Cawley, Joan Nelson, Harry Goeringer III, all Back Mountain residents; Amy and Katharine Loveland, Wilkes-Barre; others playing pieces from their repertory were, Christine Demmy, Diane Morgan, Donna Demmy, Mary Ann Sabadish (Swoyersville), Charlene Demmy and vocal number by Gloria Sabadish accompanied by her sister, Mary Ann.

College-Bound?

It is growing more and more difficult to enroll in college if a student's scholastic average is "C" or lower, says George McCutcheon, guidance counselor at Dallas High School.

Students in the upper brackets, he says, will do well to study the "Early decision" plan, in which preference is given to students who can affirm that the selected college is the only one to which application has been made. Admission officers then are guarded against a last-minute change of plans which is frequently made when students apply to several schools.

The plan is designed for students, endorsed by their schools on a basis of scholastic accomplishment, in the first two or three years of high school. Citizenship records, and in most cases college board scores are required.

Parents are advised to check with college officials concerning the early decision, if their children are outstanding in academic work.

The program is not recommended for students who have poor grades, but who have good College Board results. These students should make regular application.

Marks are the deciding factor. Good marks throughout the school years make it far easier to get into college.

Dallas Seniors Take Part In State-Wide Tests

Dallas participated in a state wide testing program designed to provide information about the outcome of education in Pennsylvania's public schools. Approximately 20,000 pupils in 200 high schools were selected to participate in this program. W. Frank Trimble, Principal, stated that summary of state-wide results will be prepared by the Department of Public Instruction and sent to each participating school, to be used in counselling of students.

Tests were the Metropolitan Achievement Tests in Reading, Spelling, Language, Language Skills, Social Study Skills, Social Studies, Vocabulary Social Studies Information, Mathematical Computation and Concepts, Mathematical Analysis and Problem Solving, Scientific Concepts and Understandings, and Science Information.

The Otis Mental Ability Test was also given.

The program was administered by Mrs. Sigworth, Thomas Jenkins, George McCutcheon, Mr. Sulcoski, and Mr. Trimble.

LAKE-LEHMAN HIGH SCHOOL

JOBS-NOT ALIBIS

24 HOURS AFTER THE ELECTION A BOLD NEW PLAN TO BRING MORE JOBS TO PENNSYLVANIA WILL BE SET INTO MOTION

Governor BILL SCRANTON will...

U.S. Senator JIM VAN ZANDT will...

... throw the switch on the "Bill Scranton Plan" for more jobs. He will begin to enroll 100,000 fellow Pennsylvanians in a mighty people-to-people crusade to bring industry and jobs to Pennsylvania.

50 of Pennsylvania's top industrial, labor, business, education and civic leaders as an ACTION FORCE; 1,450 prominent Pennsylvania leaders for a WORKING FORCE; and 98,500 Pennsylvania volunteer AMBASSADORS led by Bill Scranton, the Governor-elect, will work as salesmen... as a hard-hitting, persuasive core of Pennsylvanians determined to bring industry, jobs, and prosperity to our state.

Bill Scranton will lead the way in personal visits, in telephone calls, in letters... in a no-holds-barred assault on American industry.

Then as soon as he is inaugurated, Bill Scranton will gear up the state government to attack unemployment. He'll establish a Council of Science and Technology to attract industry; start a Pennsylvania Development Credit Corporation to finance industry; expand the Pennsylvania Industrial Development Authority; begin a Labor-Management Council to create harmony; and improve the efficiency of every state department for sound, decent government.

... begin to work for more jobs for Pennsylvanians. He'll knock on Defense Department doors to shout for all to hear that Pennsylvania, with a higher unemployment rate than any other major industrial state, is getting only 3.7% of defense contracts. (California—23.9%; New York—12%.)

He'll tell the Department of Interior that the coal industry of Pennsylvania is not obsolete, defunct, or hopeless, and explain how coal can provide the strong basis for an upsurge in all of Pennsylvania's industry.

Jim Van Zandt will show them that by a mere stroke of the pen by the Secretary of the Interior we can cut back residual oil imports which are doing so much harm to the state's economy.

Jim Van Zandt will fight to limit the amount of foreign steel that our government is now buying so that our steel mills can operate at more than the present half capacity.

With two Republican Senators, united in mighty effort to improve Pennsylvania's economy, Washington will understand that Pennsylvania really wants business... that Pennsylvania really means business.

Eight years of Democrat rule in Pennsylvania have produced nothing but alibis, promises, and more unemployment. It's time for action.

BUILD YOUR FUTURE IN PENNSYLVANIA

VOTE STRAIGHT REPUBLICAN ON NOVEMBER 6TH

SCRANTON for Governor

VAN ZANDT for U.S. Senator

SHAFER for Lt. Governor

KELLY for Internal Affairs

ROBERTS for Justice of Supreme Court

Republican State Committee • George I. Bloom, Chairman; Ruth Glenn Pennell, Vice-Chairman
