Monday night after school the Dallas faculty held a surprise party in the Home Economics Room, honoring Mrs. Kershner, who was leaving to accompany her husband who was transferred to Philadelphia.

She had been teaching Home Economics since the beginning of this year. Money donated by the faculty was spent for a lovely umbrella given as a going away present.

Mrs. Louise Prothero poured tea and coffee, which was served along with a decorated cake and ice cream roll.

Among those attending were Mrs. Walter Bronson, who is now teaching in Mrs. Kershner's place. Before Mrs. Bronson, who was the Union County Extension Home Economist, joined us, she lived in Lewisburg and worked with home-maker's groups and several 4-H Clubs. Mrs. Bronson graduated from Penn State with a degree in

Home Economics. Her hobbies are all kinds of crafts. She stated that she thinks Dallas High is very nice, and that her goal would be to make students appreciate the things they can do to make their homes more liveable and pleasant. Incidentally, Mrs. Bronson is almost still a new bride since she was just married in May!

Two wrestling matches are scheduled for December, December 12, Tunkhannock, Home; December 19, Benton, Away.

Dallas High would like to congratulate some of the football players on making the West Side Conference All-Star Team. As announced in the Wilkes-Barre Record and Sunday Independent, they are Robert Letts, Joseph Noon, John Brominski, and Lawrence Platt.

Wednesday night, November 28, 1962, the football team, coaches, and administration were honored at the Irem Temple Country Club at a dinner sponsored by the Dallas Ki-

wanis Club. This banquet was given to them for becoming the West Side Conference Champions. Also, the following Saturday night, the team was honored at the annual West Side Conference Meeting where the championship trophy was awarded to Dallas Senior High School.

On Wednesday, November 28, Mervin Harris, a representative of Pennsylvania Military College, spoke to those junior and senior boys interested in attending college. On Friday, Miss Coll, Director of Nursing of the Hospital of the Womans Medical College of the Pennsylvania School of Nursing, spoke to all girls interested in making a career of nursing. Miss Dolores Kotsch, Director of Nurses in Allentown Hospital, spoke on December 5. This also was addressed to girls interested in nursing.

The Junior High School on Saturday night was the scene of a really peppy dance put on by the Band Parents' Association. The Starfires, who are a local band of highschool boys, provided the music. It was a great success.

On December 13, the annual evening Christmas program of the band and chorus will be presented to the public free of charge. Special attractions will be solos sung by Paula Scott and Gloria Dolbear. Also, there will be an organ-piano duet by Richard Ratcliffe and

Marcia Sowden. The Band will play several selections of Christmas music at the opening. All parents, students, and friends are asked to come out and support these student groups.

The F. H. A. students are making stuffed animals for Christmas to distribute to the hospitals in this area.

A week before Christmas you will be able to hear them sing Christmas carols as they go caroling through the area.

Key Club — For the past week the Key Club has been distributing baskets to needy families. It was mostly canned goods. They also helped with the Jerry Lewis Muscular Dystrophy Drive. They were soliciting all week.

Hospital Patients — Two sophomore students are patients at Nesbitt Hospital. They are Michael Bigelow and Robert Dolbear. I'm sure they would like to have cards from the kids.

Hurry and get well. We all miss you.

DALLAS Junior High NEWS

DRILL TEAM AT ASSEMBLY

Dallas Junior High Drill Team under the direction of Marsha Sowden and Beverly Eck, performed during assembly last Wednesday. After the performance, George McCutcheon, who heads all of the drill team units, gave a talk on the importance of our drill team.

The assembly program finished the activities of the drill team for this year. Seventh and eighth grade students who are interested in belonging to the Junior High Drill Team are asked to try out next spring.

STUDENT COUNCIL DANCE

Student Council sponsored a record hop last Friday at the Junior High Gym. Mr. Price and Mrs. Fossedal were the chaperones. Music was supplied by records. Student Council sponsors a dance every month. The boys are asked to wear sport coats and ties and the girls must wear dresses or skirts. These dances are open to Junior High students only.

LAKE-LEHMAN HIGH SCHOOL

MARILY WOODLING, EDITOR

Faculty-School Board Christmas Party: Lake-Lehman faculty and School Board will hold a Christmas party at Irem Temple Country Club, Thursday, December 13.

White Christmas Program: Mrs. Simms, former school nurse at Lehman, will handle the White Christmas Program for the Lehman-Jackson Elementary School this year. Students wishing to contribute will do so under the following names: grade one, Christmas Carol; grade two, Santa Claus; grade three, Christmas Candle; grade four, Sleigh Bell; grade five, Christmas Present; grade six, Christmas Card.

Shaver Family: Tragedy struck the home and lives of the Shaver family of Harvey's Lake when the home burned to the ground last Wednesday morning at 2 A.M. killing three of the family's children. Warmth and generosity has been expressed from all over Wyoming Valley. High School and Elementary Students are contributing to the Shaver Fund through their schools.

Report Cards Awarded: Friday, November 30, marked the end of the first marking period. Students received their reports Monday afternoon.

Christmas Candy: The Junior class is presently selling Christmas Candy. All funds raised by this project will be used for the Washington Trip which the class will be taking in May of their Senior year. The class will be carrying on other money-making projects during the year for their trip and for senior expenses.

Fined For Lake Driving Charge

Pleading guilty to drunken driving on old Lake Road, Lake Township, August 18, Richard Owen Williams, 9 Lincoln Court, Wilkes-Barre, was fined \$100 and costs Monday by Judge Richard Bigelow.

He was arrested by Chief of Police Edgar Hughes, after his car collided with one owned by Raymond T. McBarry, Pittston, and indicted October 24.

Mercy To Meet

Mercy Hospital, Back Mountain Branch, will meet Tuesday, 1:30, at Regina Hall, College Misericordia. All members are asked to bring a gift for either a man or a woman at the Maloney Home.

1963 SAAB . . . built so well that it has a 24,000-mile/24-month written warranty*

Take a critical look at SAAB performance

SURE-TRACTION of front wheel drive pulls SAAB firmly along narrow winding roads, around curves and corners, over ice, mud, or snow. Self-centering action of front wheel drive and calculated understeering ensure immediate recovery from skids, optimize directional stability, make SAAB safer to drive in any weather and on any road.

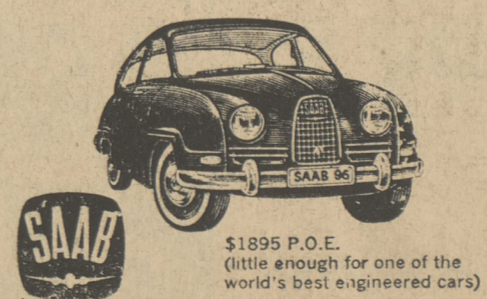

7 BASIC MOVING PARTS characterize SAAB's two-cycle engine—an economical, three-cylinder valveless unit. By making every stroke a power stroke, it is comparable to a "6" in pickup, hill climbing acceleration, and cruising speeds—yet it delivers 30 to 35 miles per gallon. And its durability has been proved by the many SAABs which have delivered low-maintenance performance past the 100,000-mile mark.

RALLY VICTORIES are the ultimate proof of performance. SAAB wins consistently, outrunning and outperforming far more powerful cars. Reasons: it gives gas turbine-like efficiency at high speeds, road-hugging traction for fast swayproof turns, low steering friction (2 1/4 turns lock-to-lock) for maximum responsiveness. SAAB is truly ultra-

roadable in any driving situation—turnpike, traffic, competition, back road, even parking.

COUNT AND COMPARE how much more performance the SAAB 96 packs than any car in—and many beyond—its price class. This car was built to be better, not different. . . built by one of Europe's leading aircraft manufacturers . . . built for those who enjoy mechanical excellence, technical uniqueness, and extraordinary craftsmanship.

*Engine, transmission (3- or 4-speed gear box available), and differential have a written warranty for 2 years or 24,000 miles.

\$1895 P.O.E. (little enough for one of the world's best engineered cars)
