

### Dallas Senior High News

by  
GLORIA DOLBEAR  
JUDITH GROSS

Sports—Although our basketball team lost to Swyersville last week, we're still very proud of the good record they have so far. Keep it up boys! We know you'll beat Swyersville the next time you meet them. We're equally proud of the good work the wrestling team is doing. Although the girls basketball team is composed of practically all new players, we are proud to see them put up a good fight in spite of the odds against them. Although they lost two games, we know the streak will be broken and they'll have many wins. Come on kids! Let's continue to give these wonderful teams our full support.

Report Cards and Junior Dance—Two big events are scheduled for

tomorrow. First, the report cards will be issued at the close of the day and then for those who survive the results and maybe others—they may relax at the Junior Dance to be held tomorrow at 7:30 p.m. at the Senior High School.

Key Club—New Key Club members are being initiated this week. It's always a pleasure and delight to see the boys, out of character, especially after a tough week of mid-year exams.

Dal-High—The staff of the Dal-High School newspaper is busily getting the issue prepared for publication. Two innovations will be featured. These will be kept a surprise until it's off the press. So be sure to get your copy.

### John Gaydos Served With Army In Italy

Services for John Gaydos, Carverton, were conducted Friday morning from the Harold Snowdon Funeral Home, followed by a requiem Mass from Our Lady of Sorrows Church in Wyoming. Burial was at Mt. Olivet.

Mr. Gaydos, 48, died Tuesday morning at Veterans Hospital after an illness of two years. A former miner, working with the Butterlub Coal Company in Wyoming, he developed anthrasicosis.

Serving with the 109th Engineers in Italy during World War II, he had three bronze clusters on his European-African-Middle East campaign ribbon, and wore the Good Conduct medal and World War II Victory medal.

He was a member of John D. Stark Post, American Legion.

A native of Salem, his father was the late Michael Gaydos, his mother Mrs. Catherine Carey, Wyoming.

He leaves in addition to his mother two sisters, Mrs. Harry Simonson, Wyoming, and Catherine Hudock, Passaic, N.J.; three brothers: Michael Gaydos, Hartford, Conn.; Joseph Gaydos, West Wyoming; and James Carey, Camp LeJeune, N.C.

### Only Problem, Road From Luzerne To Huntsville

Young Jimmie Kozemchak, taller and broader every time he appears, arrived in Huntsville Wednesday night at the height of the snowstorm. The only trouble he had in the entire trip from Norfolk, Va., to Huntsville was the stretch from Luzerne to Dallas, which took him an hour and a half. His father, James Sr., spent two hours a little later on that same piece of icy road, where cars were revolving like gyroscopes.

Young Jim, home on a ten days leave, is about ready to report back for duty.

### Grosbeaks Appear

Kenneth Williams reports a flock of twenty evening grosbeaks at his birdfeeder at Pikes Creek. Had 200 three years ago, he says, but never so many since. Last year they were earlier in coming.

### Williamson School Offers Scholarships

The Williamson Trade School, Media, Pa., will offer opportunities to approximately 70 young men to participate in its September, 1963 scholarship program.

Applications for these scholarships should be received at the school by March 7. The deed of trust, under which the school was established in 1888, provides full three-year scholarships which include board, lodging and instruction in trade and technical courses.

The Williamson School is one of the older and better trade schools in the country. It offers training in machine shop, carpentry, painting and decorating, bricklaying and power plant operation with an opportunity for students to prepare for positions in areas where there is a shortage of skilled craftsmen.

In addition, opportunities for more advanced training, on the technology level, are available to successful candidates, who have earned grades of "C" or better in high school mathematics and science courses.

A prospective student is asked to submit a transcript of his school record upon application. If this is satisfactory, he is notified, to appear in early spring for the entrance examinations consisting of standard mental and mechanical comprehension aptitude tests. Personal interviews are given in May to applicants who meet the school's standards.

Additional information may be obtained from John G. Boyd, educational director, who will send an application and illustrated booklet outlining Williamson's scholarship program and the activities of the school upon request.

The school's address is: Williamson School, Middletown Road, Media, Pa.

### Father And Son Stage Joint Birthday Party

Edgar Hughes, father and son, marked their birthdays with a family dinner at Chief Hughes' home at Harveys Lake on Sunday. Senior and Junior birthday dates do not coincide completely, occurring a week apart. They split the difference and staged the celebration on the Sunday nearest.

### LAKE-LEHMAN HIGH SCHOOL

MARILY WOODLING, EDITOR

Mr. Bernard Gerrity, chorus and music director, is preparing for the Spring Concert which will be presented in March. Once a week various sections of the chorus have rehearsal during class periods. On Thursday afternoons the complete chorus meets to combine their voices, thus completing a well rounded rehearsal.

In the weekly meeting of the F.H.A. it was agreed to buy a gift for the homemaking department. This is done each year with the money remaining in the treasury.

Thursday evening, January 24, the Lake-Lehman matmen lost to Meyers, 24-22. This was the boys' second loss this year. Mr. Longmore and Mr. Zaleskas are to be congratulated for their fine job in coaching the boys, many who are new to varsity wrestling.

The Creative Writing Club, which

is a branch of the Journalism Club, is beginning to function. The purpose of the club is to develop the writing skills of its members. Headed by Marilyn Woodling, the club's executive staff consists of four members who read and evaluate articles and themes written by club members.

Members of the Senior Class are eagerly preparing for the Washington trip which they will take in May. Bus and room lists for the 102 Seniors are being made. The Class of 1963 is also busy scheduling class colors, a class song, and a class slogan.

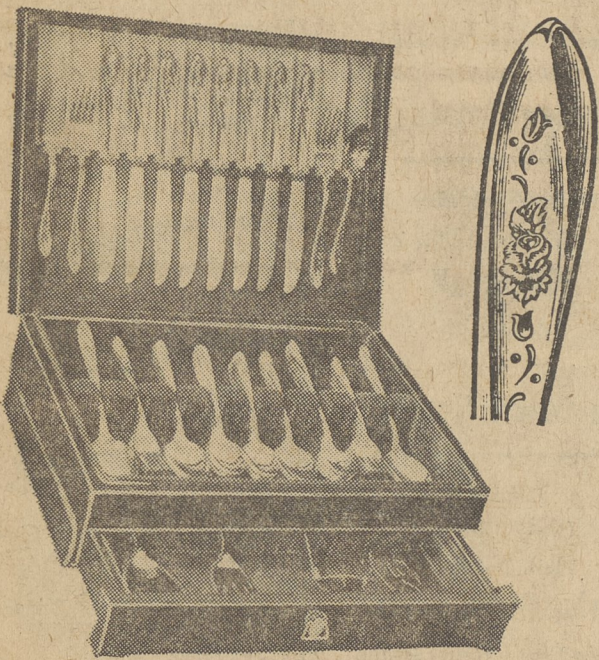

The rising rates on savings demonstrate the feminine nature of money. The harder it is to get, the more interest it attracts.—CHANGING TIMES
