**Shavertown vs. Huntsville**  
In the first game of the church league play-offs Huntsville Christian defeated Shavertown 68-62. The Shavertown club almost pulled the game out of the fire in the final quarter outscoring the Huntsville Five 24-11. With three minutes to go they were only 4 points down by virtue of an all court pass, but just when it looked like they were going to close the gap Charlie Brobst and Gary Dietz threw in baskets to keep the victory safe for Huntsville. T. Oney had 9 of his 11 points in the last quarter to lead the Shavertown attack.

**St. Therese's vs. Harveys Lake**  
In a ball game that was supposed to be a runaway for Harveys Lake, St. Therese's dogged their opponents and the boys from the Lake were happy to walk away with a 80-71 decision.  
The second quarter proved to be the downfall of the Saints, as they were outscored 24-14. The rest of the periods were just about even. Zeke Hinkle got "hot" in the last quarter and threw in 14 of his 34 points in a nice evening's work.

## V.A. Questions

Q. I see the VA pays pension under a heading "Civil War Pensions". I thought all the Civil War veterans were dead?  
A. Pensions for Civil War dependents are paid to widows and helpless children of Civil War veterans. There are about 3,000 on the rolls.  
Q. If a wife is a veteran, can she obtain a VA loan for a home even if her husband is not a veteran?  
A. Veterans' benefits draw no line between the sexes thus a woman veteran is eligible for a home loan guaranty. However, many women veterans might be unable to obtain loans because of low annual income or doubts concerning long term employment. Your nearest VA office could advise you on this matter.  
Q. Can I allow my annual GI insurance dividend to remain on deposit to meet future premiums?  
A. Yes, you may. Notify the VA office where you pay your premiums of your intention to allow your dividend to remain on deposit.  
Q. I have moved and left a forwarding address with the local post office. Will my GI insurance dividend due in January be forwarded?  
A. Yes. Postal regulations now permit the forwarding of your dividend check.  
Q. I understand a new law provides for GI Bill education and training for peacetime veterans. What should I do to find out if I am eligible to take advantage of this?  
A. If you have a service-connected disability, you should register as soon as possible with your nearest Veterans Administration office for an appointment with a VA counselor. This is the required first step.  
Q. I am a Korean Conflict veteran. How much longer do I have to apply for a GI home loan?  
A. The minimum deadline for Korean Conflict veterans is January 31, 1965, and the maximum deadline is January 31, 1975. For all dates between the deadline is governed by the individual veteran's length of active service.

## Dallas Cleans Up Last Game 88-44

Final game of 1962-63 season. Dallas Mountaineers defeated Wilkes-Barre Township on the losers' home court. In the highest scoring game of the campaign Dallas scored 88 to a mere 44 for Wilkes-Barre Township.

Since it was the last game, Coach Brobst started the five seniors on the squad: Gary Cobb, Thomas Gauntlett, Robert Letts, Paul Siket and Jack Zarno. Late in the third quarter these seniors were replaced by members who will be on the team next year: Don Martin, John Farley, Jack Mokychic, Ronald Sinicropo, Nick Sosik, Bradley Earl, Fred Gossart, and Ralph Elston.

High scores for the Mountaineers were Robert Letts 23, and Thomas Gauntlett 20. For the losers Shumowski was high with 16.

After having a fine season the boys can relax and look forward to next year. If Dallas had had a few breaks in their favor we might be cheering them on in PIAA playoffs.

## Supplement Income By Keeping Bees

Pennsylvania needs more and better beekeeping, says William W. Clarke, Jr., extension bee specialist at the Pennsylvania State University.  
Clarke said the state produces about 5 million pounds of honey and imports from other states about an equal amount.  
Pennsylvania bee colony numbers dropped slightly this year to an estimated 144,000, producing slightly under 5,000,000 pounds or an average of 35 pounds per colony. Some 20,000 apiaries in the state range from one to over 1,000 colonies.  
Beekeeping offers a wonderful opportunity to supplement incomes for part-time farmers and affords healthful outdoor relaxation.

## Search Goes On For Blightless Chestnuts

A 50-year search for native blight-resistant trees since destruction of America's chestnut forests by blight has produced few tangible results, but the quest goes on, esse D. Diller, of the U.S. Forest Service told Pennsylvania Nut Growers Association at the State Farm Show.  
Hopes for finding native chestnuts that have developed blight resistance are based, he said on the persistent sprouting, and occasional fruiting of some of the sprouts, from the base of trees blighted years ago, and the discovery of surviving chestnut trees in blighted areas.  
To date, Diller states, "less than 10 per cent of the grafts have survived - and they have escaped the blight only by luck."
