Meditations On The Frequency Of Spring

By REV. CHARLES H. GILBERT

Yes, after living through several winters and watching eagerly for first signs of Spring, one might wonder why such excitement over what happened year after year after year! Ever get tired of the first robins? Wild geese? Crocuses? Yes, gets to be an old story the nearer you get to a hundred! Yes, same old fresh air to breathe every day. Same old sun comes out to warm up the earth. Tired of spring rains? Tired of the weather? But it's the best conversation-starters among strangers.
 Ever get tired of hearing religious appeals to accept the new life God offers? After sitting for five months on the edge of eternity once with

a parishioner of mine who wanted me to give him the works, what new theory did I have to offer? What was the latest theological quirk I had heard? No time for that. It had to be something sure enough I had to pass on to him. If he didn't die it would still be the best truth on earth for him to live by.
 So I told him God loved him enough to send His Son Jesus Christ to forgive his sins and accept him for eternal life. Lots of different ways to say it. It's as true as the air you breathe. Die or live, but take it. Or leave it if you choose.

Don't call us... we'll automatically call on you!

Some people think we consult a crystal ball before delivering heating fuel to their homes. "It seems," they tell us, "that just when our fuel supply gets low, your truck pulls up and the driver refills our tank."
 Of course we have no magic methods—but we do have something better. We call it our "degree-day" system. It automatically tells us when to make our next delivery.
 Providing extra services, like the "degree-day" system, is our way of competing for your business. Through competition we become better businessmen and you—our customer—are assured of finer petroleum products, and at reasonable prices.

WANTED \$15,000
 The Trucksville Free Methodist Church intends to build a new church and parsonage this summer. To do this, we must borrow from the bank approximately \$25,000. In addition to this we must use the money which we will receive from selling our present church, parsonage, and parking lot. These properties have an appraised valuation of approximately \$15,000. Since it is necessary to use them now, we do not want to sell the present buildings until the new ones are ready for occupancy.

We would like to know if there are those in the Back Mountain who would be willing to loan the Trucksville Free Methodist Church without interest or at very low interest a sum equal to the appraised value of the present property or portions of it until the new church is erected and we are able to sell the present property and repay the loans. We anticipate this will take about a year.

If you are interested in helping the congregation in this manner, please call Rev. Grove Armstrong 696-1149 and he will gladly give you more information. Thank You. If anyone wishes to make a direct contribution to the building fund as a gift or as a memorial, it will be greatly appreciated.
