**BOWLING NEWS**

**HAROLD ALLABAUGH**

Everyone, young and old, knew Harold at Crown Imperial Bowling Lanes. He instructed many beginners on how to stand, what ball to use or what mark to roll over. He loved helping others and was in the clouds when someone asked his advice. And not only in bowling. Many times I heard Harold giving some young person the low-down on how to behave in public, win a friend, etc.

While Harold was still able to bowl he was apt to challenge anyone. "Come on," he'd say, "I can spot you 30 or 40 and still win."

If you were a spectator at the lanes, you could depend on Harold for company. If you didn't know what was going on or who the bowler was, Harold could tell you.

"Hey, Doc," he'd call, "get a table." As soon as Dr. David Kunkle would enter the lanes, Harold was ready to challenge him to a game of billiards. If Doc wasn't around, Jack or Tony, Jess or Nick, someone was ready to meet his challenge.

Two good friends, George Shupp and Harold! Both gone within weeks. They constantly played jokes on each other. George would take me

aside and tell of a comical incident about Harold to use in the column or Harold would whisper to me of a choice bit of news about George. And they were both good sports.

We'll miss you, Harold! And, first thing, challenge that George to a good game of bowling! Set the stakes high! He's been ready for a good opponent!

It's a fact: in the year ending Dec. 31, 1962, more Massey - Ferguson tractors were sold in the U. S. and Canada than in any previous year. Why? Dozen of reasons! Multi-Power on-the-go shift, for one. The never-equalled Ferguson System, for another. Plus work-easing features that make every day seem shorter. And power plants—diesel or gas—that deliver a bonus of HP - hours of work per gallon of fuel.
