Class In Dog Training Now Forming

These three French charmers are outstanding examples of the Anethracite Dog Training Club's results. Collette, on the right, owned and trained by Mr. and Mrs. Bart Collett of Trucksville, is modelling her CDX obedience degree. Froshy and Kip, owned and trained by Mr. and Mrs. R. J. Bartow of Kingstow, have earned their CD degree. Both the Colletts and the Bartows are charter members of the ADTC and both men have served with the local SPCA.

The ADTC, now entering its tenth year of dog training classes, over the last nine years has seen over 600 dogs completing the basic course. Classes are on four levels; beginners, novice, open, and utility. The sub-novice work is the foundation for all other training.

In the basic course the dogs learn to heel, to sit, to stand while being examined, to down on command, and to come when called. In the Novice course, all work is done off lead and show ring points are perfected. Although only purebreds may be shown, all dogs regardless

of size, breeding, and sex can benefit from training. The open and utility courses are more difficult.

Classes are offered in spring and fall. This spring there will be twelve classes. The first class will be held for registration and orientation and all prospective members are urged to attend without dogs at the Acme Training Center, Narrows Shopping Center, at 2 p.m. on Saturday April 20. The following ten classes will be held in two hour sessions every week in Kirby Park with 10-20 minutes of daily work required. The last class will combine competition for trophies and a graduation ceremony for all dogs. Dogs must be at least 6 months old and must have received permanent shots.

Bart Collett, Training Chairman, has appointed these trainers: Mrs. Bart Collett, Harry McCartney, Club President, Dallas, and Marijane Moss, Trucksville. Mrs. Bartow will be in charge of the Novice class and Miss Hazel Price, Harveys Lake is head of the Stewarding Committee.

Army Pfc Daniel E. Race, son of Mrs. Ida O. Race, R. D. 1, Dallas, completed his high school education through the Armed Forces Institute's General Education Development program while assigned to the 55th Engineer Company in Germany.

Employed by Endicott Johnson before entering the Army in 1961, Race's home is now R. D. 2, Nichols, N. Y., where his wife Dorla now lives.

Lopasky Among Four Pennsylvania Boys On Houston Spring Roster

University of Houston recently opened its football spring practice drills with twenty-one lettermen on hand, including Joe Lopasky, halfback from Lehman. Of this group only two were starters on last year's squad that compiled a 7-4 record, including an overwhelming 49-21 win over Miami of Ohio in the Tangerine Bowl.

Coach Bill Yeoman and his staff are faced with the problem of finding replacements for four outstanding graders of last season in quarterback Billy Roland, halfback Bobby Brezina, center Ken Chancellor and defensive star Byron Beaver.

According to reports out of the U. of H. camp a great future is in store for Joe Lopasky, a hard-running halfback, and that he will see plenty of action this season, barring injuries.

The junior halfback led the Cougars in scoring last season with 54 points on (9) touchdowns, ranked third in rushing with 175 yards on 73 carries for an average of almost four yards per carry. He also picked up 115 yards on 4 punt returns including one of 68 yards in the Tangerine Bowl for a TD. He was third in kick-off returns with 138 yards on 5 carries and caught 3 passes for 81 yards. This was all accomplished in 109 minutes of playing time.

Turning in such feats in his first year as a sophomore, Lopasky should set a few school records with two years ahead of him.

Three other Pennsylvania boys are listed on Cougar spring grid roster; Ted Dembroski a 200-lb. end from West Hazelton, Mike Corbi a 180-lb. halfback from Olney High School, Philadelphia and Joe Rafter a 185-lb. halfback from North Catholic High School, Philadelphia. These three are sophomores.

The lack of experience in the Cougar forces is evident after a glance at the playing time of the returning and departing players. Returning backs averaged 10 minutes per game compared to 23 by the graduates. Returning linemen averaged 16 minutes per game compared to 26 by the departing seniors.

Roland broke three school records and tied three others during the 1962 season. His (71) pass completions, fewest pass interceptions (10) and 51.4 percentage passing were new records.

Brezina led the Cougars in punting with a 34.8 yards per kick and in ground gaining with 567 yards for an average of nearly five yards per carry.

The Cougar forward wall, ranked 17th nationally on defense, limited enemy backs to just 108 yards per game on the ground. Much of the credit must go to Ken Chancellor a standout all season in the middle of the Cougar defensive alignment.

Beaver led the nation in passing interceptions with ten, even though he missed four games because of leg injury. He also holds three school marks for pass interceptions.
